VOL. 2, NO. 91. PRICE FIVE CENTS

SHE KILLED, AND IS FREE

THE VICTIM HAD TRIED TO WIN
A NEIGHBOR'S HUSBAND
IN CALIFORNIA.

SHOOTING IS VERY SENSATIONAL

Justice Quickly Discharged Mrs. U. Z.
De Arman, Wife of the Los An-
geles Horseman—Courtroom
Crowd Cheered.

Los Angeles, Cal., April 15.—Mrs. U. Z. De Arman, wife of the horse man at Santa Anita, who shot and killed Mrs. Helen Griffin in Monrovia, March 31, was given her liberty yesterday by Justice P. B. Holloway, of Monrovia. The justice held that the defense had made its case justifiable homicide.

The crowd in the courtroom cheered the justice and congratulated Mrs. De Arman. Tears stood in the eyes of the spectators as they saw the justice standing with arms outstretched and sobbing: "If ever there was a case of justification—go home and care for your babies."

Scarcely half a minute elapsed between the closing argument of Paul Schenck, who appeared for the defendant, and the decision of the magistrate. When he finally endeavored to speak he sobbed so that the words scarcely could be heard. Mrs. De Arman's attorneys based the defense upon justifiable and excusable homicide.

Every incident in the life of Mrs. De Arman tending to show that she had been taunted by Mrs. Griffin, who was endeavoring to break up her home, was brought out by the defense. Witnesses testified that they had known Mrs. Griffin as Mrs. De Arman and to many she represented herself as his wife.

A letter to which Mrs. Griffin signed her name as Mrs. De Arman was introduced as evidence and the defense proved that this was done openly and in defiance of Mrs. De Arman. Other witnesses testified that the original intention of Mrs. De Arman had been to end her life and the lives of her four children. She feared that if she would die Mrs. Griffin would have them in her care.

The shooting followed a series of events in which Mrs. Griffin, according to the testimony, openly flaunted before Mrs. De Arman's friends her influence over De Arman. At last, according to the testimony, when the children asked who their mother was, the defendant said she could not bear the strain any longer and decided to kill the woman.

Mrs. De Arman fainted when she heard that she was free. A physician and trained nurse have been in constant attendance upon her since the shooting and they were with her in the courtroom. She was taken in a carriage to her home.

WAS FINED \$240 AND COSTS

For Renting a House on Main Street
for Immoral Purposes.

Henry Laupheimer was fined \$240 and costs by a jury in the Pett's county circuit court today for renting a house to Nell Reid, a bawd, on September 1, last.

The case went to the jury this morning and after a short deliberation a verdict was returned. Judge Longan defended Mr. Laupheimer.

The case of Louis Pritchard, larceny from a railroad car, was continued generally.

The following jury was sworn to try the case of J. F. M. Connce, charged with conducting a bawdy house: C. M. Davis, A. H. Wainwright, E. D. Hunsbrough, M. K. Swope, T. L. Scott, Emmett Franklin, James Marsh, Charles Knox, W. S. Scott, Tim Delaney, J. J. Coats and J. T. Coiaflower.

MINERS AND OPERATORS

Are Again Holding a Joint Session in
Kansas City.

Kansas City, April 15.—The joint conference of miners and operators was resumed today. Both sides presented a scale of contracts, which were exchanged and jointly discussed. The contents of the contracts were not made public.

"Dad" Easley Leases Stable.

J. W. Easley, better known as "Dad" Easley, has leased what is now

known as the Collins livery barn, on Osage street, and will conduct it as a boarding and feed stable after May 1st, on which date Mr. Collins will remove his stock to Fourth and Lamine street, the management of which barn he assumes next Monday. Mr. Pehl, who owns the Osage street property, will not do anything in the way of enlarging the hotel now conducted by Walsh Bros. until after the local option election is held in June. If the town goes "dry" it is likely the contemplated improvement will be postponed indefinitely.

Three drunks were fined the usual amount by Police Judge Gresham today.

MONTANA FLOOD SWEPT

BREAKING OF DAM YESTERDAY
IS FOLLOWED BY DISAS-
TROUS RESULTS.

ONE TOWN ENTIRELY SWEEPED AWAY

Others Are Seriously Threatened—
Boston and Montana Smelter,
Largest in the World, Is
Thought Doomed.

Helena, Mont., April 15.—The flood here today is uncontrolled and is rapidly advancing upon Great Falls. It is believed that the Boston and Montana smelter, one of the largest in the world, is doomed.

Craig, Montana, has probably been wiped off the map, although so far as known, all the inhabitants have escaped with their lives.

Cascade, a town 460 miles from Helena, is under water and is in great danger of being swept away. The flood is the worst ever experienced in this part of Montana and is the result of the breaking of a dam yesterday.

DEATH CAME SUDDENLY

To Man Who Was Reading Account
of His Alleged Wrong Doing.

Philadelphia, April 15.—Confronted with the accusation of embezzling more than \$12,000 from the Franklin Institute in this city, of which he was treasurer for twenty-two years, Herert E. Heyl was seized with what was said to have been apoplexy today and died shortly afterward.

He was reading in a paper an account of the embezzlement and a warrant for his arrest. He arose, ran to the hallway and collapsed.

WIFE SAW HUSBAND DROWN

And Four Sisters Witnessed Drown-
ing of Brother.

Chicago, April 15.—During a forty-mile gale on Lake Michigan today Joseph Sacasel, a wholesale liquor dealer, and Arthur Freund were drowned. A small boat in which they were rowing capsized.

They met death in the presence of Sacasel's wife and Freund's four sisters, who watched the boat from the shore.

FIVE THOUSAND ASHORE

Uncle Sam's Sailors Enjoyed Shore
Leave at San Diego.

San Diego, Cal., April 15.—The second day of the stay of the American battleship fleet in this port was made notable by the landing of the largest force of marines and blue-jackets ever seen in a shore parade in any part of the United States. Five thousand men and officers were brought from the ship.

EARTHQUAKE IN UTAH

There Were Five Distinct Shocks at
Milford Today.

Salt Lake, April 15.—Five distinct shocks of an earthquake were felt today at Milford, Utah.

Houses were shaken, but no damage was done.

Concert at Sedalia Theater.

The first annual concert of the Sedalia Symphony orchestra, under the direction of Prof. Sydney Myers, will be given at the Sedalia theater on Thursday night, April 30.

A DIVORCE FOR RICHARDS

HIS WIFE IS DAUGHTER OF THE
LATE ROGER Q. MILLS,
OF TEXAS.

SHE HAS RENOUNCED HER HUSBAND

Says That the Marriage Relation Is
Sinful and Immoral, and in
Consequence Suit for Di-
vorce Is Instituted.

Ironton, O., April 15.—Major Geo. Richards, of the United States naval service, and brother of Judge John K. Richards, has filed a sensational divorce suit in the common pleas court.

The petition avers that he was married in Washington City to Miss Frances Mills, daughter of ex-Senator Roger Q. Mills, Dec. 28, 1898. At that time Miss Mills was a resident of Corsicana, Texas.

The marriage contract, it is alleged, was entered into by the two in the form of law and under the solemnities of religion by which they agreed to become husband and wife, and, after publicly taking the marriage vows which defined their relations, were pronounced man and wife.

The petition further avers that at the time the plaintiff was 26 years old, and an officer in the United States marine corps, just back from service in the Spanish-American war; was a man of robust health, physically capable of entering into and consummating the marriage contract, and of discharging all its obligations; while the defendant, so far as the plaintiff knew, was a woman 25 years of age, fully capable of entering into and consummating the marriage contract, and of making the plaintiff a good wife.

The plaintiff further avers that during the nine years of their married life the defendant has steadfastly refused to become his wife in fact as well as in name, and has refused to recognize the marital obligations she had assumed toward the plaintiff when she entered into the marriage state, claiming that such relations are sinful and immoral.

The plaintiff further alleges that he was induced to marry the defendant by fraud. In the petition the plaintiff sets forth his renunciation by his wife, of which she informed her husband in the following language:

"I hereby renounce, now and forever, all claims as the wife of Geo. Richards and do solemnly declare that I shall never return to him."

Mr. Richards' attorneys are Lawrence Maxwell, of Cincinnati; A. S. Worthington, of Washington, D. C., and A. R. Johnson, of this city.

LOCAL OPTION PETITION

Denial That Cannot Get Signatures
for Election.

There was a street rumor today that the local option advocates were unable to secure a sufficient number of signatures to the petition asking for a local option election in Sedalia.

Rev. James Parsons, who has the work in charge, was called by the Democrat-Sentinel over the phone and replied that anyone who made that statement did not know anything about the matter.

Rev. Parsons said he did not know when the petition would be presented to the city council, but it would not be done until he (Rev. Parsons) so requested.

PLAY SCHOOL FOR CHILDREN

Steps Being Taken to Provide One in
Sedalia.

Members of the Business Men's club are today soliciting funds from the business men of the city for the purpose of establishing a play school for the public school children of the city, the school to be conducted during the months of June, July and August of each year.

It will be necessary to raise \$500 with which to conduct the school during the first year, after which the Sedalia school board is to defray the yearly expense. If the committee, consisting of James K. Kidd, J. W. Mellor and James T. Montgomery, succeeds in raising the required sum the school will be established.

Prof. R. L. Melendy, of the State

University at Columbia, is in the city to explain the new project and is accompanying the committee this afternoon.

The play school is conducted in the larger cities of the country and is a means of keeping the children, especially the younger element, off the streets during the summer months.

It will be operated on the plan of a gymnasium, indoor and outdoor games, indulged in by both males and females, will be provided, and a gentleman and lady teacher, experienced in that line, will be engaged to teach the school, which will be open from 8:30 a. m. to 5:30 p. m. on six days of each week during the specified months.

FIRST MAN SHE EVER MET

MISS ADA H. PRATT MARRIED TO
B. FRANKLIN HOOVER IN
PHILADELPHIA.

SHE BELONGED TO PECULIAR SECT

Never Until She Was 29 Years Old
Was Introduced to a Man, and
Very Soon Afterward She
Proceeded to Get Busy.

Philadelphia, April 15.—After being born and reared in a colony of women who believe that marriage is a sin, Miss Ada H. Pratt, of Washington, D. C., was married yesterday to B. Franklin Hoover, of Philadelphia. He is the first man she ever met.

Mrs. Hoover's mother left her husband twenty-nine years ago to join "The Women's Commonwealth," founded by Mrs. Martha McWhirter, in Waco, Texas. Two months later her daughter, Ada, was born. Ten years ago the Commonwealth moved to Washington.

Last summer Miss Pratt disobeyed the rules of the colony, and while downtown with a girl friend permitted herself to be introduced to Hoover. She says that after that she could not get him out of her mind.

He went to Chicago from Washington and returned to Philadelphia a few days ago. Hearing by letter of his coming, Miss Pratt came here, and the wedding followed.

CHARGE IS A SERIOUS ONE

Business College Student Was Ar-
rested Here Today.

Oran Smith, aged about 21 years, who is attending a local business college, was arrested here by Officers Wood and Thompson this afternoon on information from Cass county, charging him with enticing away from home, for immoral purposes, a minor girl of Drexler, Cass county, Mo.

Smith, who is of neat appearance and dresses well, was arrested while at his studies. Accompanied by the Cass county sheriff he was taken to Drexler to face the charge at 2:30 o'clock this afternoon.

POLICE JUDGE LOCKED UP

Knocked Down by Police Chief It Is
Claimed He Tried to Shoot.

Carmi, Ill., April 15.—During an altercation yesterday between Police Judge Alfred Pendell and Chief of Police H. S. Parsons over the release of a prisoner, Judge Pendell, it is claimed, attempted to shoot the chief, and was knocked down by him and placed in jail.

There has been ill feeling between the two officers for some time.

A TWO YEARS SENTENCE

For Obtaining Money Under False
Pretenses at Milwaukee.

Milwaukee, Wis., April 15.—Ira B. Smith, formerly a member of a prominent wholesale grocery firm, was today sentenced to two years in the house of correction for obtaining money under false pretenses.

Died of Pneumonia.

Mrs. Mary Bradley, wife of D. I. Bradley, a farmer of R. F. D. No. 1, nine and one-half miles northeast of Sedalia, died of pneumonia this morning, aged 30 years. Besides her husband, two children survive. Funeral services will be held at Hopewell chapel at 2 p. m. tomorrow and burial will be made nearby.

INDICTED FOR REBATING

IRON MOUNTAIN FORMER TRAF-
FIC MANAGER AND COM-
MISSION MAN.

THE FEDERAL GRAND JURY ACTS

Result of Investigation at Little
Rock on Shipments of Grain
From the West Via the
Coul-Line.

Little Rock, Ark., April 15.—The United States grand jury last afternoon indicted the Missouri Pacific-Iron Mountain railroad, former Traffic Manager W. C. Stith and T. H. Bunch, a leading grain dealer of Little Rock. One indictment containing fifty-eight counts, alleging rebating, was returned against each party. Mr. Bunch gave bonds for \$10,000 with Oscar Davis, W. W. Dickinson and Gordon N. Peay as sureties.

The indictments were brought under the anti-rebating clause of the Elkins law, the penalty being a fine of not less than \$1,000 or more than \$10,000 for each offense, or imprisonment, or both. The imprisonment feature is left with the discretion of the court.

Several months ago the Brooks-Rauch Mill and Elevator company, of Little Rock, wrote President Roosevelt that the Iron Mountain was discriminating against grain dealers of Little Rock in the matter of rebating. The president was asked to assist in stopping the practice if possible.

Mr. Roosevelt wrote Mr. Brooks that he had turned the letter over to the interstate commerce commission and the complaint would be investigated at once. H. S. Smith, in inspector for the interstate commerce commission, was sent to Little Rock. He arrived here several weeks ago and at once commenced the investigation which resulted in the indictment.

The grand jury began its work Monday of last week. Among the witnesses examined were General Freight Claim Agent Tustin, of St. Louis; the chief clerk in the freight department, George Cunningham; a local grain dealer and members of the firm of Brooks-Rauch Mill company.

Other St. Louis officials of the Iron Mountain, by agreement, sent documents, instead of answering the summons in person. No effort whatever was made to conceal any of the facts, says the government officials. It was shown that a large number of checks for various amounts had been issued in rebates on Little Rock shipments, dating from August 16, 1905.

Mr. Bunch is indicted on charges of accepting the rebates, and Mr. Stith and the railroad company are charged with giving rebates and transporting property for rates less than those filed with the interstate commerce commission.

Mr. Brooks, of the firm of Brooks-Rauch, stated last night that his firm will at once institute suit against the Iron Mountain for \$37,000 damages, the amount they claim to have lost on account of the alleged discrimination. He says the other grain firms of Little Rock will do likewise.

Officials Say Nothing.

Officials of the Missouri Pacific-Iron Mountain were informed last evening at St. Louis headquarters of the action taken by the federal grand jury at Little Rock. The positively declined to make any statement, and said they had no knowledge of the facts.

Former Freight Traffic Manager W. C. Stith, who left the Gold Lines' service last fall, is now traffic manager for the Waters-Pierce Oil company. He stated last evening that the whole matter was a surprise to him, and therefore he could not say anything. He would wait for further information.

From other traffic sources the opinion was expressed that possibly the alleged violation of the law might be technical or that it could result from the publication of two tariffs on a milling-in-transit shipment.

BIDS FOR THE NEW CHURCH

The Rev. Fr. McNamee Opened Them
in Kansas City Tuesday.

Rev. Fr. B. R. McNamee returned at noon today from Kansas City, where, yesterday, bids were opened for the erection of a new church

building for the congregation of St. Patrick's church.

All bids for the brick and carpenter work were rejected on account of the figures being too indefinite, but the Pioneer Steel company, of Kansas City, secured the contract for the steel work.

Tony Turner, of this city, was awarded the contract for the sheet metal and slate work.

Rumor of a Marriage.

A well founded rumor is current that a pretty and popular Ohio street saleslady is to be united in marriage to a young mechanic of Parsons, Kas., in this city next Monday.

NO BRYAN INSTRUCTIONS

FRIENDS OF NEBRASKAN DECIDE
NOT TO FIGHT FOR NEW
YORK DELEGATION.

TRIED HARD BEFORE COMMITTEE

Thought Once They Would Take it
Before the Convention, But
Finally Determined Not
to Do So.

New York, April 15.—Before the second session of the democratic state convention met today the friends of Wm. J. Bryan decided to abandon the idea of presenting a minority report from the committee on resolutions favoring an instructed delegation for Bryan. The election of delegates and presidential electors was almost forgotten in the excitement over the contest. Senator P. H. McCaren, leader of the Kings county democracy, is making sure of seating his delegates from sixteen of the contested districts. After an all night battle before the committee on credentials, McCaren delivered his ultimatum to Tammany Hall that that organization keep its hands off the Kings county democracy.

The committee on resolutions at last night's meeting voted down the motion to substitute a Bryan instruction resolution for the one adopted by the sub-committee, which calls for an uninstructed delegation, and National Committeeman Norman E. Mack, of Buffalo, had given notice that he expected to submit a minority report today. This idea, however, was abandoned after a consultation with the Bryan supporters.

KEPT OUT COUNCIL-ELECT

Cld Omaha Aldermen Finally Let
Them in City Hall.

Omaha, Neb., April 15.—The newly elected city council of South Omaha met yesterday and demanded possession of the city hall, but members of the old council declined to yield.

The members of the old body have filed new bonds and declare they will remain in power, alleging that the recent election was illegal and void.

This contention is made on the grounds of irregularities in holding primaries. Both sides have retained counsel and the matter will doubtless have to be settled by the courts.

The contest has stirred up a big partisan warfare, and over 500 citizens attempted to secure admission to the city hall Monday night, when the regular meeting of the council was scheduled to take place.

The old officials last night gave up the fight and the newly elected council perfected its organization.

What the Campaign Cost 'Em.

Up to date only five of the men who participated in the recent city election in Sedalia have filed their expense accounts for conducting their campaign with Recorder Morey. The list of those five follows:

W. H. Boult, marshal, \$66.75.
W. W. Blain, city attorney, \$99.50.
R. M. Johns, alderman, \$32.50.
Dr. W. G. Cowan, for alderman, \$39.50.
Ed Evans, for treasurer, \$25.00.

May Buy a Local Hotel.

Harvey Terry and Patrick Raftier, representatives of Hotel Mitchell, Nevada, Mo., are here today with a view of purchasing one of the local hotels of the city. The visitors and proprietors of the hostelry in question are in conference this afternoon and the deal will probably be closed to the erection of a new church

A SEDALIA WOMAN THERE

FRANK SCHNECK ON TRIAL FOR
THE MURDER OF WIFE
AND CHILDREN.

THE TAKING OF TESTIMONY BEGAN

Mrs. Mollie Stewart Alleged to Have
Been Implicated—The Latter's
Mother, Mrs. Cummings,
Present at Trial.

Ottawa, Kan., April 14.—A jury was completed at 9:30 o'clock yesterday morning to try Frank Schneck for the murder of his wife at Centropolis, a separate trial having been granted Schneck and Mrs. Mollie Stewart, who is jointly charged with Schneck with the commission of the crime. The murder of the two children, Johnie, aged 9, and Stella, aged 3, is not included in this charge. The members of the jury are:

W. A. Payne, farmer, Pomona; M. R. Stephenson, farmer, Richmond; John Howell, farmer, Princeton; C. H. Glinkman, farmer, Lane; O. W. Ashby, meat dealer, Ottawa; J. H. Gray, farmer, Peoria; John Dum, farmer, Williamsburg; D. R. Sister, farmer, Williamsburg; F. M. Baldrige, clerk, Wellsville; T. A. Davidson, farmer, Williamsburg; H. L. Hust, farmer, Richmond; W. K. Fellnagle, farmer, Princeton.

Neither the state nor the defense exhausted its peremptory challenges.

Attorney Walter Pleasant made the statement of the state's case to the jury. The state would show, he said, that Schneck deserted his wife and children and left them dependent upon public charity while he made love to Mrs. Stewart. The state would prove, he said, that Schneck had mortgaged the little home in Centropolis, Mrs. Schneck's inheritance from her father, and would show that on the night of the murder a buggy was driven through the snow from Ottawa to Centropolis and returned by an unfrequented route; that a stop was made on the return and a whisky bottle thrown away by a man wearing overshoes; that Schneck changed all his clothes on the morning following the murder, though he wore clean clothes the day before; that a bloody shirt and bloody overshoes were found by Ed Stewart at his home following the murder.

The state said it would prove that Mrs. Stewart destroyed some of this evidence; that Schneck showed no emotion when told of the deaths, but that he and the Stewarts immediately attributed Mrs. Schneck's death to suicide. It would be shown, the attorney said, that a light was burning in the Stewart home at 4 o'clock on the morning following the murder, and that other evidence would show that Schneck and Mrs. Stewart were up during the night and that a fast horse of Stewart's had been driven.

Sampson Boles, nephew of the dead woman, was the first witness called by the state. He told of Mrs. Schneck's misfortunes, her dependence on the neighbors for food, her removal back from Ottawa to the little home in Centropolis and the discovery by the witness of the dead bodies there on the Monday following.

Mrs. Stewart was not in court. Her mother, Mrs. Cummings, of Sedalia, Mo., is attending the trial. Schneck's parents, Eli Schneck and wife, of Lawrence, his sisters, Mrs. Krames, of Westphalia, and Mrs. Morrow, of Muskogee, Okla., are with him.

The court room was not crowded at the morning session. The state probably will consume three days with its testimony. Many of the witnesses are Dunkards from the Dunkard settlement at Centropolis.

EXPRESS RATES REDUCED

It Was Not Voluntary Upon Part of
the Companies.

Lincoln, Neb., April 15.—Three express companies, the American, United States and Pacific, reduced express rates 25 per cent today in conformity with the Sibley act.

NO RACE TRACK BETTING

Bill Passes Prohibiting It in District
of Columbia.

Washington, April 25.—The senate today passed the house bill prohibiting race track betting in the district of Columbia.

NOT THE BUTCHER WHO IS TO
BLAME.

The elevation of meat prices in Se-
dalia raises the old question, why?
Who is to blame? Is the first thought
that surges into the brain of the
helpless consumer when he contem-
plates what his meat bill is likely to
be for the next six months. The first
inclination is to attach the unpleas-
ant responsibility to the dealer with
whom he is accustomed to trade. The
next is to buy somewhere else and
the third is to stop eating meat alto-
gether. His mental disturbance is
usually terminated by going to the
butcher's and asking for a less ex-
pensive cut or a little less in weight,
but paying the advance resignedly
and uncomplainingly. He knows it
is useless to protest. He has been
through the same experience before.
He knows the prices are the same
in all the shops, with no prospect of
getting more for his money in one
than in another.

Then he reflects, and having done
so, excludes the retailer from his
harsh ruminations. A little thought
and the summoning of his general
information on the subject of cattle
raising, packing houses and beef
trusts lead him to exonerate the
butcher. He recognizes that the
meat he buys from the local shops is
shipped to Sedalia from Kansas City,
and that the cattle from which it is
procured come from the plains of the
west and southwest. In one form or
other it has traveled perhaps a thou-
sand or two thousand miles before it
reaches his table.

And then he speculates on the fact
that cattle are raised in Missouri—
hundreds, if not thousands, of them
within a few miles of Sedalia—that
large numbers of steers and sheep
are grown for meat purposes in other
portions of the state; that they are
shipped through Sedalia to St. Louis
and Chicago to supply the tables
of consumers hundreds and per-
haps thousands of miles away.

Then he realizes that the business
of selling meat is purely artificial;
that its distribution is arbitrary. He

knows that the meat trust still exists,
in spite of the government's attempts
to break it up. He knows that it en-
joys a practical monopoly of the
business, both beginning with the
cattle raiser and ending with the
meat eater. It is not the poor butcher
who is to blame; it's the big packer.

TARIFF PROMISES.

The republicans are hard at work
trying to minimize the effects of the
panic and the continued business de-
pression. The panic was a complete
reply to the fallacious statements in
republican organs and spellbinders
that tariff protection produced pros-
perity. The fact that over a million
men are out of a job; that wages are
falling and thousands of foreign
wage earners are returning to their
own country are too glaring to be
glossed over. Democrats have fore-
told this breakdown of the policy of
protection, which for a time fostered
a spurious prosperity for the trusts
and corporations, with its accompa-
nying high cost of living and of ne-
cessary high wages.

But now the crash has come and so
many people are suffering the repub-
lican party is again trying to deceive
the voters by pretending to favor
tariff revision or adjustment "after
election." The promises are, how-
ever, very vague and always accompa-
nied by the declaration that the
protective system must be preserved.
It is pretty safe to predict that if
the republican party is successful in
electing the next president and a
majority of the next congress, that
the trusts and tariff protected inter-
ests will again control the policy of
the majority of the republican party
on the tariff issue. It isn't likely that
campaign funds will be forthcoming
from the trusts and corporations to
accomplish such results, unless as-
surances are given by republican can-
didates for congress that "the inter-
ests" will still be protected.

As Senator Hanna said, in sub-
stance, in the debate on the admit-
tance of territories to statehood,
platform promises are not intended
to be binding if it is politically ne-
cessary not to keep them.

Seven years of Roosevelt and ten
years of republican rule and Ding-
leyism have bred innumerable trusts
and culminated in a financial panic
and prolonged business depression.

The packers' combine has boosted
the price of beef and pork from 20
to 30 per cent, and our republican
president and congress take no ef-
ficient step to bring the trust to
time.

MIGHT HAVE LET HIM FINISH.

As It Turned Out, Lawyers Were Un-
necessarily Excited.

In a suit in a Maine court not long
ago there was adduced a line of tes-
timony that created some excitement.
A witness had testified that he saw
the defendant "splitting up" rails a
few hours before the accident for
which defendant was supposed to be
responsible.

"What did he say he was going to
do with the rails?" asked the counsel,
fixing the wandering eye of the wit-
ness with his stern gaze.

Before the witness could answer,
the defendant's counsel was on his
feet, insisting that the question was
not allowable. A prolonged wrangle
ensued. Various high authorities for
and against the admission of the ques-
tion were consulted and quoted.

During all this time the witness
shifted from one leg to the other, and
gave vent to several prodigious
yawns. As the controversy waged
hotter and hotter something like a
smile was seen to pass across his
face.

At last the judge ruled that the
question must be allowed and while
the defendant's counsel, exhausted
with rage, leaned back in his chair
excitedly, the query was put once
more:

"What did the defendant say he was
going to do with the rails?"
"Nowthin," drawled the witness. "I
were drivin' my sister's niece to catch
a train when I see him. An' now, ef
it ain't unconstitutional, I'd like to
set down as my legs is about giv-
in out."—Illustrated Sunday Magazine.

What Yale Men Eat.

Some statistics have been pub-
lished by the Yale Dining club to show
what the 1,068 members of that or-
ganization who eat at the Yale com-
mons manage to get away with in the
line of food. In a week, for instance,
6,500 pounds of meat, 900 dozen eggs
and 9,100 rolls and loaves of bread
disappeared down the Yale throat.

The daily consumption is about like
this: Nine hundred and twenty-nine
pounds of meat, subdivided into 285
pounds of roast beef, 284 pounds of
poultry, 144 pounds of lamb, 141
pounds of pork and 72 pounds of
steak; 100 loaves of bread, 1,200 rolls,
50 pounds of oatmeal, 1,200 quarts of

KNOX COLLEGE STUDENT, FEAR-

ACID VIAL.

KLEPTOMANIA IS NOW THE BELIEF

Diamond Robbery Prompted Investi-
gation—Part of Boarding House
Loot in Student's Trunk
at Galesburg.

Galesburg, Ill., April 15.—Harry S.
Hahn, of Camp Point, for three years
a student in the Knox college con-
servatory of music, is in a serious
condition at the hospital as the result
of a bold attempt at suicide rather
than face the disgrace of exposure of
a long series of thefts.

The affair has caused a great sensa-
tion in college circles, and the only
explanation offered is that Hahn is a
kleptomaniac. He stood high in the
estimation of his friends, and only
Monday night was ushered at a con-
servatory concert.

He roomed at the home of L. R.
Maddox, where many students stayed,
and from time to time numerous ar-
ticles of clothing, and even food, were
missed. Finally a valuable diamond
and a considerable sum of money
were stolen, and suspicion was di-
rected at Hahn.

Confronted at the house yesterday
by officers, he admitted the thefts and
said they were due to impulse.
Granted permission to go to his room
to change his clothes, he seized a bot-
tle containing carbolic acid and drank
the contents before the officers could
interfere.

A search was made of his room, and
a number of the stolen articles were
found in his trunk. He denied steal-
ing the diamond.

Milwaukee, Wis.

Cairo, Ill., April 15.—Kittie O'Neil,
or Goding, of Milwaukee, walked into
police headquarters yesterday dress-
ed in boy's clothing and inquired for
the "boss."

She was directed to Judge A. J.
Ross, police magistrate, to whom she
confided the information that she was
a girl and not a boy, as appearances
indicated.

Because she thought boys had an
easier time than girls and could get
work quicker, she donned her brother's
clothing and left home.

Dime novels had instilled in her a
desire to see the world. She says she
walked to Cairo from Springfield, Ill.,
and was quite willing when she got
here to resume the garb of her sex.

Mrs. A. Comming took her in charge
and turned her over to the Children's
Home until her folks arrive. She is

A TOWN ALMOST BANKRUPT

An Official's Embezzlement Leaves Rushford, Minn., Short.

Rushford, Minn., April 15.—As a result of the alleged embezzlement of \$3,200 by the city clerk and the voting of non-license last week this city is threatened with bankruptcy.

The saloon licenses expire April 23, at which time \$4,500 revenue in licenses will be cut off. The shortage of the city clerk, who was arrested last night, and pleaded guilty, brings the loss almost to \$8,000.

The two contingencies were not anticipated when the tax levy was made last fall and the city has not sufficient money for its needs and no prospect of getting any until next winter. The council has not been able to find a way out of the dilemma.

CHAUTAUQUA IS TO MEET

AT THE PUBLIC LIBRARY ART ROOM TUESDAY AFTER-NOON, APRIL 28.

MISS G. BRANDT IS TO BE LEADER

Lesson: The Two Articles in March Chautauqua Magazine, "As Others See Us," and "American Painting"—The Program.

The Chautauqua Circle will hold its next regular session in the library art room Tuesday afternoon, April 28, at 2:30 o'clock, with the following program:

Current events.
Business session.
Roll call. Mention a late American author and some book lately written by the same and any effect produced by it.

Lesson: The two articles in March Chautauqua magazine, "As Others See Us," and "American Painting." Leader, Miss Gertrude Brandt.

"As Others See Us." What purpose had Professor Muensterberg in writing "American Traits"? How does he illustrate our ignorance of German customs and of the Prussian type?—Mrs. J. B. Brown.

What does he say is the German view of the Yankee? What is the purpose of his book, "The American"?—Miss Grace Johnston.

With what generous attitude did he undertake this work? In what charitable fashion does he explain some of our national weaknesses?—Mrs. T. H. Johnson.

What worthy traits does he describe to us "behind the terrifying mask of the selfish realist? What qualities does he characterize as the "more civilized forms of vulgarity"?—Miss Weir.

What inconsistency does he note in our profession of social equality? What bad features of our government does he attribute to "democratic elitism"?—Mrs. C. Landman.

How does he find us wanting in educational achievements? What does he say of our intellectual bondage in religious matters?—Mrs. J. C. Longan.

What intellectual and moral slavery does he note in our politics?—Mrs. P. Hoffman.

Socialist critic. What different types of socialists among our critics does Mr. Brooks describe? What are Mr. Wells' views of our immigration problem?—Mrs. Chas. Easton.

How does he find us wanting in question in America? Why does he think socialism too good for America?—Mrs. E. D. Holbert.

What is his view of the trades, even of the best type? How does he compare England and America with respect to graft?—Mrs. E. K. Lowe.

What is his view of the benevolence of our rich men? What is Mr. Brooks' opinion is the service of socialism to our time?—Mrs. E. E. Durrand.

American Painting. Tell of Abbott McNeill Whistler—Miss Brandt.

Tell of the court case of Whistler vs. Ruskin and of Jno. Sargent—Mrs. H. Carpenter.

HOW IS YOUR STOMACH?

Easy Way to Strengthen it and Get Well.

A good digestive system, one that acts so that you do not know that you have a stomach, is God's birthright to every man—to every woman.

If digestion is weak, if food turns into gas, if you suffer after eating, if you are sleepless, nervous and out of sorts—then the stomach is diseased and prompt action should be taken.

W. A. Ennis, a well-known bulider in Syracuse, tells an easy way to strengthen the stomach and get well when he writes: "Mi-na Stomach Tablets have done more for me in one week than all the doctors the two years I was under their care. Thanks to Mi-na, I can work once more, the first time in over a year."

It is an easy thing to strengthen the stomach and cure indigestion by using Mi-na. Get a 50-cent box from W. E. Bard Drug Co. with their guarantee to refund the money unless the remedy does all that is claimed for it.

He Knew How.

A telephone company was erecting a line of poles along a highway just out of Haverhill, in Massachusetts. One of the men engaged to fill in the dirt and clear up around the poles was an Irishman, new both to the job and to America. He had not got beyond his first pole, but stood pondering how to dispose of the dirt which had filled the space now occupied by the pole.

Just then a negro wayfarer stopped for a match, and the Irishman asked his advice.

The darky grinned, seeing an opportunity to work off the old joke. "Ef I was a do-in' dat job," he said, "I'd jest dig a hole 'bout wheah you is standin' an' shovel de dirt into it. Much 'blig."

As the colored person sauntered off, the Celt murmured as he began to dig a deep hole about two feet away from the other: "Shure, it's not to be denied that eddication's doin' a g-reat deal for 'th' naysur!"—Illustrated Sunday Magazine.

How Inventor Brush Started.

"As a boy were you interested in science?" was asked of Charles Francis Brush, inventor of the arc light.

"Yes, far more than anything else. I read all the literature I could find and took a special delight in studying chemistry, astronomy, and physics. I made rough telescopes, microscopes and voltaic batteries. I made a velocipede and every time the family doctor would come to the house he would ask: 'Well, Charley, what are you making now?'"

After a long course in trying to get started in chemical work this young man went into the commission business, selling Lake Superior ore, and he and his partner cleaned up \$16,000 the first year in spite of hard times. He no sooner had got his share than he threw the business over to work on his dynamo electric machine.

WON BY SEDALIA GIRLS

IN THE NATIONAL CONTEST FOR BEST ESSAYS ON MUNSGING UNDERWEAR.

WERE FIRST OUT OF THOUSANDS

Besides the National Prizes They Also Were Successful in the Local Contest Co-ducted By Flower-Barnett Dry Goods Co.

In the Munsing underwear prize essay contest, conducted by the Flower-Barnett Dry Goods Co. and the Northwestern Knitting Co., manufacturers of Munsing underwear, two Sedalia young ladies were doubly honored, having been awarded the prizes offered by the Flower-Barnett store and the Munsing people, too. The young ladies are Miss Marguerite Dow, of New York avenue and Tower street, and Miss Mabel L. Ferrell, of 402 West Seventh street.

Miss Dow received \$5 worth of merchandise from the Flower-Barnett store and Miss Ferrell and Miss Mary L. Hogan \$2 worth of merchandise, the third prize offered by this firm.

Yesterday Miss Dow and Miss Ferrell were advised that they had been awarded the cash prizes in the national contest and checks for the amounts—\$5 to Miss Dow and \$2.50 for Miss Ferrell—were enclosed. In the local contest these young ladies won over 134 contestants and are now declared successful contestants in the national contest, in which 2,500 towns were represented. There were 33 winners, the grand prize, \$150, being divided proportionately among the successful ones. Miss Dow and Miss Ferrell are to be congratulated upon their success.

The essays which brought them their honors follow:

Miss Marguerite Dow's Essay.
The Munsing underwear makes friends wherever it is sold. First, because it is the warmest, the most perfect-fitting and the best knitted underwear on the market. Second, after washing it is just as soft and well-fitting as when new, as the garments do not shrink or stretch as most garments do, thus insuring its lasting qualities. Third, the price of Munsing underwear is higher than that of many inferior grades. Their pretty silk finish, well-made button holes, the snug fit at the wrists and ankles appeals strongly to those looking for a dainty undergarment. With ordinary wear the children will outgrow their union suits instead of wearing them out, making it the most economical for mothers to buy.

It can be bought in all sizes, and is sold by reliable dealers all over the United States. A good motto for Munsing underwear is, "Once worn, always worn."—Primrose Garden.

Marguerite Dow, age 13 years, New York avenue and Tower street, Sedalia, Mo.

Miss Mabel Ferrell's Contribution.
Munsing underwear is sold in all weights—there are the winter ones and the summer ones.

The cotton ones are made from the cotton that grows in the south and is put through the gin and then taken to the mills, spun and woven into Munsing underwear.

The wool ones are made from the wool sheared from the sheep and is cleaned, carded and picked and taken into the city, where the woolen mills make them into Munsing underwear.

Munsing underwear is known to be the very finest underwear ever made. They slip on with the greatest of ease and do not rip, stretch or shrink. They can stand a washing each day and not be harmed.

They are made of the best and cleanest materials and in every respect give satisfaction.

Munsing is the best of all. You feel it as your friend in fall; All boys and girls, men and women do not care, Their thoughts are all on Munsing underwear.—Mabel Ferrell, Sedalia, Mo.

LIKE MEETING AN OLD FRIEND.
Incident Brought Back Happy Memories of "Ole Virginia."

All the seats were taken in the car which I entered one morning in early April. An old colored man sat next to me. It is not often in these days that I see that type of black man. I used to see that kind on the old Virginia plantation, where he was "Ung Lige" or "Ung Sambo" to all the household. His days were devoted to useful toil, and his evenings to his banjo and the old plantation melodies that no one can ever sing again so musically as they were sung then; and never in his wildest visions did he dream of logarithms and Greek roots for his race.

"Take this seat, mistis," he said, rising promptly. "Mistis" sounded very "homey" and pleasant to me. It had been so long since I was "mistis" to anybody.

"Thank you, uncle," said I. "Keep your seat. I would just as lief stand."

"Scuse me, please, mistis, but 'tain't fitten fer you teh stan'; you mus' set," he admonished respectfully.

I took the seat, thanking him for his courtesy. Soon a departing passenger left a vacancy.

"There is a seat for you," I said to the old man.

"Between the ladies, ma'am?" He hesitated.

"Yes," I said.

He bowed apologetically to right and left and took the vacant place.

Just before leaving the car I slipped a silver piece into his hand, saying: "Uncle, get you a nice luncheon with this—in memory of ole Virginia."

"Thank you, my mistis," he said, opening his hand to look at the little gift, and then closing it. Then he touched his hat and thanked me again. I left the car with a sunnier feeling in my heart because of the chance meeting, but with no thought that I should ever again hear of my old Virginia.

That afternoon I received a bunch of arbutus which had been left for me by an old colored man—"fur the tall lady with a long blue coat an' white hair—in memory of ole Virginia an' dem ole-time days."—Lippincott's Magazine.

Is Housekeeping a Lost Art?
Who taught the black mammy of the south her culinary skill but the ladies of the "big house"? Who showed the New England maid-of-all-work how to bake a "batch" of pies and fill the pantry with the winter's supplies? Who put lavender in the linen presses and made the sleeping rooms of the old home redolent of sweetness? Under whose direction was the kitchen floor scoured like the holystoned deck of a man-of-war and kept "clean enough to eat from," while the copper kettles shone like burnished gold?

Two generations of "emancipation" have wrought a radical change in standards of American housekeeping, says the New York World. It has become a delegated art, due to the demands of bridge and the higher education, and is now intrusted to domestics who learned the rudiments in Ireland or Sweden. The Iowa trial of conclusions will be important as proving whether housekeeping is truly a lost art in the mistress or whether it merely lies dormant and is still capable of satisfactory demonstration in an emergency.

WATER IN THE ANIMAL BODY.
Muscles Made Elastic and Temperature Regulated by Moisture.

Physiologists tell us that the animal body consists of almost 80 per cent. of water. Admitting this to be true, it would seem plausible, says the Medical Record, that this quantity is necessary in order to carry on the normal physiological processes of the animal economy in proper condition.

For similar reasons it would also appear plausible that should this quantity in any way be greatly reduced or diminished, either through normal processes of the body or through abnormal processes, this lost quantity must immediately be re-supplied. Should such a withdrawal of water be permitted to be unduly prolonged the disorders will assume such grave dimensions that life itself may ultimately be terminated.

Elasticity and pliability of muscles, nerves, cartilage, tendons and even bones depend mainly on the amount of water they contain. Water also serves as a distributor of bodily heat and regulates the body temperature by the physical process of absorption and elimination.

Under normal conditions and in a proper degree of health this supply is ordinarily furnished partly by the food and partly by the drink we are daily consuming. An over-indulgence in the use of water—provided it is not carried to excess—will seldom if ever be productive of any deleterious consequences.

Another Argument.
"What do you regard as the most important thing in favor of the theory that Mars is inhabited?"

"The fact," answered the popular scientist, "that an article assuming that side of the question can be made three times as readable as one taking the opposite view."

A Precious Relic.
"I presume you carry a memento of some sort in that pocket of yours?"

"Precisely! It is a lock of my husband's hair."

"But your husband is still alive,"

"Yes; but his hair is all gone."

YOU'LL SWEAR BY DIAPEPSIN IF YOU USE IT FOR INDIGESTION OR GASSY STOMACH

IF YOU EVER GET A CASE OF THE 22-GRAIN TRIANGLES YOU WILL SEE HOW LONG YOU SUFFERED UN-NECESSARILY.

Debilitating Headaches, Dizziness or intestinal gripping. This will all go, and, besides, there will be no fermentation of food left over in the stomach to putrefy your breath with nauseous odors.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases; then you will readily understand why stomach trouble or indigestion must vanish like snow before the blazing sun.

Diapepsin is a certain cure for all your stomach misery. Each triangle contains just the elements which a strong, healthy stomach has, and has proven by test to digest alone 3,000 grains of food. Diapepsin will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you whenever you decide you would rather have a healthy stomach and perfect Digestive system.

A 50-cent case is usually more than sufficient to cure a case of Dyspepsia and leave some around the house, should other ones in the family need wholesome and safe treatment after eating something that doesn't agree with them.

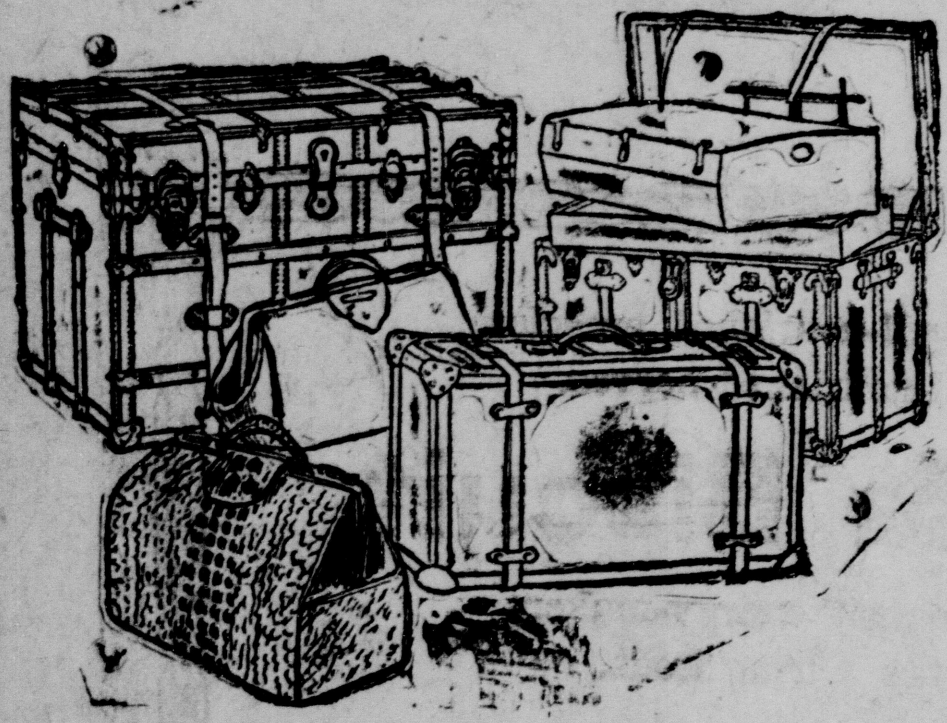

Every family here ought to keep a case of Diapepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation is prepared in the form of 22-grain Triangles, and tastes like candy while you are eating them, but they will digest anything you can eat and overcome a sour stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or it lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin and take one triangle after supper tonight and see five minutes after how it feels to be rid of stomach trouble.

There will be no sour risings, no belching of undigested food mixed with acid, no explosions of stomach gas, or heartburn, or fullness or heavy feeling in the stomach, Nausea,

INCREASE IN DIVORCES

May Call From Pope a Strong Encyclical Against It.

Rome, April 15.—It is learned that Pope Pius has now under consideration certain measures for the regulation of the divorce evil in the United States.

An official pronouncement on this subject will be addressed to the bishops in the United States within a very short time.

This new step to safeguard the sanctity of the marriage relation is the result of the alarming increase in

the frequency of divorce in the United States, especially since it has begun to affect Roman Catholics. The matter has caused the Pope and his advisers deep concern.

From May 1 marriages between Roman Catholics in America will not be accounted valid by the church unless they have been celebrated by a duly authorized priest. This in itself will put a check upon divorce.

The pope holds further that more vigorous relations are needed.

PATTERSON A MALIGNER

HAS AROUSED THE IRE OF THE DAYTON, OHIO, CHAMBER OF COMMERCE.

SLANDERED THE LIVING AND DEAD

The Owner of the National Cash Register Plant Is at Liberty to Seek a New Location if He So Desires.

Dayton, Ohio, April 15.—Considerable interest in the action of the Chamber of Commerce with reference to a query sent from the New York World has been aroused here. The following was wired from New York to the local body:

"John H. Patterson, of the National Cash Register company, is here and declares that opposition and annoyance from the citizens of Dayton have forced him to leave the place, and he plans to move his great plant. So much attention has been attracted to his schemes for bettering the condition of his employees that we urge you to wire the facts as you view them and reasons for his return that you may care to state."

The executive committee of the Chamber of Commerce sent the following dispatch to the World:

"The executive committee of the Chamber of Commerce, consisting of over 500 members, in answer to your telegram, begs to advise you that our citizens believe Dayton to be the best city of 125,000 population in the United States, if not in the world, in which to live and do business. It has upward of 1,000 factories, many of which are of large proportions and have long been established here. Their products go into every quarter of the civilized world, and all of our business institutions conduct their business along rational lines and with businesslike sense and dignity.

"Our citizens have neither annoyed nor opposed Mr. Patterson, nor have they forced him to leave the city, and they are heartily sick of the worldwide defamation given our fair city by him. We stand ready, however, to extend to him a welcome whenever he decides to return to his ancestral home and be reasonable, but we do not propose to longer smother our self-respect and permit him to malign Dayton, slander our deceased and vilify our living citizens, as he has done, without entering our earnest protest.

—Leopold Rauh, President Chamber of Commerce.

Punishing Regicides.

Those among the assassins of the late king of Portugal and his son who fell victims to the sabers and bullets of the soldiery and police were lucky. For even in these humanitarian days the lot of the regicide when caught is not usually a very enviable one. To be hanged is the least he can expect. Perpetual solitary imprisonment is a far more dreadful fate. It drove Bresci, the assassin of King Humbert of Italy, to suicide, and it has transformed Lucchini, who murdered the empress of Austria, into a hopeless imbecile. Among the plotters implicated in the murder of the late shah of Persia one was tortured to death in prison, while another was incased in wet plaster of paris, which on setting slowly crushed the life out of him. Three of the assassins of a previous shah were boiled in huge copper caldrons.

King Frederick and the Sentry.

Frederick the Great of Prussia often told a laughable story of an experience of his own. During one of his campaigns in Silesia he made it his habit to stroll through his camp in disguise at night to come in touch with his soldiers. One night he was stopped by a sentry, but giving the proper password, was permitted to proceed. Instead of doing so, however, he endeavored to tempt the sentry into accepting a cigar, saying that a smoke would sooth his long watch. "It is against the rules," said the soldier.

"But you have my permission," said the king.

"Your permission! Who are you?"

"I am the king."

"The king be hanged!" said the incorruptible sentry. "What would my captain say?"—London Tribune.

One Definition of Critic.

"The late Edmund Clarence Stedman, the banker-poet," said a magazine editor, "was really a better critic than poet. He had a high opinion of the critic's functions. Attacks on the value of criticism always angered him. He used to tell about a typical attack of this kind. He heard it at a supper after the theater. It came from an unsuccessful actor. Mr. Stedman was replying to the toast, 'Our American Critics.' He began with the query, uttered in a ringing voice:

"What is a critic?"

"The unsuccessful actor, in the ensuing pause, answered from the bottom of the table:

"A man who doesn't know a good thing when he sees it."

COLORADO MINES BLOWN UP

The Owners Had Been Warned That They Must Make an Inspection.

Durango, Colo., April 15.—Following a warning received in an anonymous letter that unless the Champion coal mine of the Royal Coal and Coke company was made safe by repairs the mine would be blown up, an explosion occurred in the mine late yesterday.

It wrecked the workings and dangerously injured three persons. Two Italians were blown out of the mine and when picked up were unconscious. It is believed that they will die.

C. A. Williams, who was in the mine when the explosion occurred, has not been found and is believed to be dead.

THE DEAD BACK TO LIFE

MARVELOUS TALE OF HEALING TOLD BY MORMON ELDER AT INDEPENDENCE.

BROKEN BONES ARE SET BY PRAYER

Latter Day Saints Relate Personal Experiences at the Church Conference Now Being Held in Independence.

Kansas City, Mo., April 15.—Tales of miraculous healing were told at the morning session of the conference of the Reorganized Church of Latter Day Saints at Independence yesterday morning, and one story of a child being raised from the dead was related. The elder recited the incident in this manner:

"My little girl was dead. The family gathered about the bedside, when we sent for the elders, and I still maintain that prayer raised her from the dead. The elders came and I anointed her with oil myself. Her eyes opened instantly and she was restored to health and strength. She is here today."

Another who said he was a carpenter, told of the setting of a broken bone by prayer and anointing with olive oil. He stated that when the elders anointed his arm, which had been broken, and prayed over him, the bones came together with a snap that could be heard over the entire room, and he immediately got up and went to work, his arm being as sound as ever.

Another elder testified that God had delivered him from his enemies by warning him in a vision where they would lay in wait for him, and he was thus enabled to escape. A sister was taken from a bed of sickness into health by perfect faith and prayer, and others testified as to healing disease by prayer and anointing with oil.

LAW'S STERN GUARDIAN HANDY.

"Cop" Feared Statesmen Were on
Verge of Physical Encounter.

A scene that was more than farcical
occurred in the house of commons last
session, according to London M. A. P.

Two of the most respectable members
of the house were seen with their
coats off, and with a staid old police-
man standing between them.

The two had been downstairs to
wash their hands, and by some mis-
chance had changed coats. They
went into the house together. One
of them, putting his hand into his
coat pocket, pulled out an old briar pipe
of very strong flavor. It was not his.
He looked at the coat, also that of his
neighbor, and, turning to his friend,
said:

"Excuse me, but I think you have
put on my coat."

"I beg your pardon; I have done
nothing of the kind."

"I think," replied the other parlia-
mentarian, "this is your pipe; and if
you put your hand into the right-
hand pocket of the coat you are wear-
ing you will find a cigar case."

"Dear me!" was the reply, "you
certainly are right. What shall
we do?"

"We cannot change in the house,"
observed the first member. "Let us
go into the division lobby."

Here is where the policeman came
in. Seeing the two facing one an-
other, and at the same time taking
off their coats, the policeman feared
the worst. He rushed up, and placing
a hand on the shoulder of each, said:
"Gentlemen! Gentlemen! Not here,
jeans."

SEEK ENGINE OF DESTRUCTION.

**War Chemists All Dream of Achieving
a Perfect Power.**

To achieve a perfect power is the
dream of every war chemist of to-day,
writes William George in the Tech-
nical World Magazine, for upon this
uncertain stuff does the destiny of na-
tions depend, in spite of The Hague
conferences and the amiable platitudes
of peace envoys. Great Britain has
her cordite and lyddite; France puts
her trust in poison-reeking melinite;
Japan has her Shimomone powder.

In short, every war office has
its own formula, but all are based
on "nitro-compound" like gun-cotton.
This is a high explosive, almost en-
tirely smokeless, and enormously
more powerful than ordinary gun-
powder, long since relegated to the
limbo of other days, just as gas has
been superseded by electric light in
the more peaceful walks of life.

Unfortunately the compound can-
not be relied upon. The absolute
requisite is stability—the insuring
that the powder will endure without
change any heat or climatic variation.
An unstable explosive—the terror of
every warship afloat, which stocks
tons of it—looks like any other in the
laboratory, and will shoot as well as
the best, provided it is used before it
has time to burn itself up. The
trouble is that no chemist on earth
knows when spontaneous combustion
will take place through decomposition
with the powder itself. Hence many
terrible disasters of recent years in all
navies.

On Cutting Sermons Short.

"It's a fact," remarked a well-known
local minister of long experience the
other day, "that a minister cannot be
successful these days unless he holds
his sermons down to reasonable brevity.
These jokes you hear about long
sermons aren't just jokes. The peo-
ple of to-day won't put up with long
sermons. I found that out a number
of years ago in another city. I had
noticed that the congregation had
been gradually thinning out, and I
began to preach sermons of not more
than 30 minutes in length. The regu-
lar attendance at church increased
fully one-half in less than two months.
I think a minister should hold his
sermons down, no matter how many
good things he has to say, because he
can then get a bigger audience and
consequently accomplish more."—
Cleveland Plain Dealer.

Boiler Preservative.

A new Spanish composition for the
preservation of steam boilers has just
been placed on the market at Barce-
lona, which, as Consul General
Ridgely says, appears to be an im-
provement on all previous inventions.

It is claimed that by adding a cer-
tain quantity of the preparation—
which is an odorless and colorless
liquid—to the tanks from which the
boilers are fed, all impurities in the
water, and all matter which might
adhere to the sides of the boiler are
precipitated, leaving the water in-
nocuous.

Thus, not only is the life and effi-
ciency of the boiler increased, but
there is great economy in fuel.

A Matter of Conscience.

A New York business man had been
detected in picking pockets.

"Your course was strange and re-
prehensible," said the court severely.
"Why did you not stick to business?"

"Your honor," responded the pris-
oner "I found that to succeed in busi-
ness I would have to resort to meth-
ods of which my conscience could not
approve."

VIOLATE PURE DRUG LAW

**Wealthy Drug Manufacturer Gets a
Severe Sentence.**

Washington, April 15.—As a result
of the first conviction under the pure
food and drugs law, Robert N. Har-
per, a drug manufacturer, one of the
best known business men of this city,
today was sentenced in police court
to pay a fine of \$5,000 on one charge
and \$200 on another.

President Roosevelt had insisted
that the prosecuting officer demand
a jail sentence.

WAS BETRAYED BY WIFE

**AN ITALIAN WHO IS CHARGED
WITH HAVING SLAIN A
MILLIONAIRE.**

HE MISTOOK HIM FOR WIFE'S LOVER

Reward of \$5,000 Was Offered for the
Murderer, and There Were Nu-
merous Arrests, but Finally
Reward Withdrawn.

Huntington, Ind., April 15.—Alleged
to be the man wanted at New Rochelle,
N. Y., for the killing of Mil-
lionaire Julius Rosenbhelmer on June
18, 1907, Frank Monaco, an Italian,
will be taken back to New York in
charge of Chief of Police R. M. Marks
of Pelham Manor, who will be accom-
panied by Mrs. Monaco, held as a
witness, and Prosecutor George M.
Eberhart, of this city.

When walking in a park at Pelham
Manor Rosenbhelmer and wife were
mistaken by Monaco for Mrs. Mon-
aco and her lover, Philip Delucia.
Monaco shot and killed the supposed
Delucia.

Though hunted for in this and other
countries, Monaco was not located
until arrested in this city. His ar-
rest was due to the story of Mrs.
Monaco, who, along with Delucia,
Monaco had caused to be arrested in
this city on a charge of improper
conduct.

The woman said her husband had
confessed to her that he had killed
the millionaire. She also alleged that
she had been sold to Delucia for
\$10.

The decision to kill Delucia at Pel-
ham Manor followed a quarrel be-
tween Monaco and wife, then resi-
dents of Liberty, N. Y. The woman
left home, writing to Delucia, who
had been boarding with the Monacos,
to meet her at New Rochelle.

Monaco intercepted the letter and
learning of the appointment, went to
New Rochelle, where the mistake
was made.

The murderer fled in haste, after
stealing the victim's watch bearing
his initials. No cause for the murder-
ous attack was ever made public.
There were several Italian camps in
the neighborhood and many Italians
were arrested but soon released.

A reward of \$5,000 was offered for
the murderer, but this was with-
drawn because of indiscriminate ar-
rests.

SEIZED BABIES FOR RENT

**The "Meanest Landlord" Does a New
Stunt in Cleveland.**

Cleveland, O., April 15.—Two little
babies of Mrs. Bella Cooper, a widow,
who lives at 1389 East Thirty-sev-
enth street, were taken by an angry
landlord yesterday because the moth-
er could not pay the rent. Mrs.
Cooper's rent is due at 9 o'clock on
the 14th day of each month.

Yesterday morning she couldn't
pay, and went out to try and get it,
leaving her babies in the house.
When she came back after 9 o'clock
she found her furniture in the
street, where the landlord had thrown
it, the door locked and the landlord
with babies inside.

"Give me my babies," she cried.

The landlord refused to give them
up until she had paid her rent. She
tried to slip into the house, but he
pushed her out again. Then she went
to the police station, swore out a
warrant for assault and with the aid
of a policeman obtained her babies.

SUNDAY CASES ARE DISMISSED

**No Evidence to Convict in First That
Are Called.**

Kansas City, Mo., April 15.—Being
unable to produce sufficient evidence
to convict, Assistant Prosecuting At-
torney Bert Kimbrell and Special
Prosecutor R. H. Field dismissed
three cases against the Century the-
ater for alleged violation of the Sun-
day closing law when they were
brought up for trial before Judge E.
E. Porterfield in the second division
of the criminal court yesterday after-
noon at 2 o'clock.

The fourth on the docket was of
Thomas L. Taaffe, ticket seller at the
Century theater, and the trial was be-
gun.

First, because our
suits are in a
distinct class by
themselves—a
style supremacy
that is unrivaled;
second, because
the selection of
fords, both in
shapes and col-
ors, is twice greater than you will find anywhere in Central
Missouri, and third, because our sales in this section having
been nearly treble those of a year ago, and it is too late
in the Spring season for us to buy anew to replenish
these popular lines; we have been compelled to strengthen
lines at \$15.00, \$19.75 and \$25.00 from assortments at
much higher prices. This gives you an actual saving of from
\$2.50 to \$10 upon suits at these three prices—right before
Easter, when you have least reason to expect it.

\$17.50 and \$19.75 Suits— \$29.75, \$30 and \$35 Suits—
\$15.00 \$19.75 \$25.00

Every style that is new, correct and has Fashion's approval.
Every size—for women of all proportions.
Every color that is "right" and popular this season, both light

IMMUNE TO GERMS OF TYPHUS.

**Doctor's Mistake Would Have Been
Serious But for Good Health.**

A man in sound health need fear
nothing from typhoid germs, accord-
ing to evidence brought out at a Lon-
don hearing of a damage claim by
the proprietor of a Malvern "Hydro"
against the local council for contam-
inating his establishment's water sup-
ply. Dr. Thresh, one of the greatest
English experts on typhoid, was a wit-
ness. The bacillus, he said, is so
minute that a drop of water may con-
tain a population equaling the entire
world.

"I've swallowed millions," he re-
marked, cheerfully.

"How did you like them?" inquired
the judge, immediately curious.

"I enjoyed the pleasure of anticipa-
tion for three weeks," said the doctor,
"but after that I felt happy. It was
an accident, however. I was testing
water said to contain typhoid bacilli.

The weather was hot, and one day I
swallowed a glass of water at a
gulp. Too late I discovered that it
was a glass into which I had put the
typhoid germs. Had my health been
such to have made me a good subject,
I should have suffered. As it was, I
felt no ill effects."

MAN WITH REVOLVER HELD UP A B. & O. FREIGHT TRAIN FOR AN HOUR.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Nick Ribar, of Lodi, Ohio, held up a B. & O. freight train for nearly an hour Monday night.

He boarded the train and was thrown off by a brakeman. Angered, Ribar ran to the engine, and, pulling a revolver, ordered the engineer to stop. The engineer did so.

Ribar held the train nearly an hour. Then he was grabbed from behind by a policeman.

Yesterday he was sentenced to thirty days in the workhouse.

Late Conductor Collard's Estate.

Judge Fowler, of the probate court, today held that Annie Williamson, the woman who came here from Kansas City to claim part of the Dave Collard estate, was not entitled to participate in the division of the property, says Tuesday's Jefferson City Democrat.

The Williamson woman claimed that she was entitled to part of the estate on the ground that she was the common law wife of Collard after the death of his first wife.

Testimony was introduced before the court to show her relations with the man, but the court held that they were not such as to entitle her to a share of the estate of Collard. The estate will now be divided between Collard's three children.

Two Former Sedalians.

H. G. Clark, former general superintendent of the Missouri Pacific, has been appointed acting superintendent of the Central Kansas division of the Missouri Pacific, with headquarters at Osawatomie, Kas., vice J. F. Simms, resigned, effective today.

Mr. Simms was formerly trainmaster for the Missouri Pacific, with headquarters in Sedalia, and has gone to the Frisco system, where he will have temporary charge of the Southern division of that road, with headquarters at Memphis.

Train Runs Into a Burned Bridge.

The North Coast limited train on the Northern Pacific was ditched yesterday near Glendive, Mont., by running into a burned bridge.

Fireman Gustavus and an unknown tramp were killed.

Engineer Waddingham was seriously injured. The air brakes saved the engine from plunging into the gulch by a narrow margin.

March Pay Check 80 Cents.

Roy Bradfield, the popular M. K. & T. switchman, more familiarly known among aKty veterans as "Coxy," established the record today when his monthly pay check for March amounted to eighty cents.

He is undecided as to what to do with the sum.

A Brakeman Was Injured.

C. A. Bean, a Katy brakeman, was thrown against a window sill in the

caboose of Katy train No. 404 at Mc Eaine, Mo., at 8:30 o'clock yesterday morning, sustaining a laceration of the scalp four and one-half inches in length. The company surgeon at Hartsburg dressed the injury.

Hospital Arrivals.

Following are new arrivals at the Katy hospital:

J. W. Taylor, brakeman, Denison, Texas.

J. L. Ounsley, dump laborer, Atoka, Okla.

Ruth Underwood, cook, McAlester, Okla.

Automatic Couplers.

Lee Hodges, night switchman for the Katy, took a layoff last night.

Henry Wilson, a Missouri Pacific brakeman, is laying off, due to a sore foot.

Katy train No. 2, due here at 8:25 a. m., arrived two hours late today.

C. E. Carson, former superintendent of terminals at Kansas City, is here on business.

G. H. Gibson, a Missouri Pacific conductor, went home to Smithton this morning to visit.

Fred Williams, a Missouri Pacific engineer, went to Kansas City this afternoon on business.

J. W. McClain, city passenger and ticket agent for the Missouri Pacific, went to Boonville today on business.

Aaron Jacobs, a trainman out of La Junta, Colo. who has been in Texas on a land buying expedition, has returned here.

Effective today, the Fowler Packing Co. will operate over the Katy from Kansas City to Columbia daily a peddler car service.

Mrs. Emma Gauze, day waitress at the Katy lunch counter, resumed duty this morning, after a two day's illness with throat trouble.

Today is payday on the M. K. & T., hence the familiar smile on the face of Earl Eckhoff, caller, and other "veterans" of the Katy.

The air brake instruction car on the M. K. & T., which has been undergoing repairs in the local shops, was taken south on No. 3 this morning.

M. L. Byers, engineer of maintenance of way for the Missouri Pacific, in a special car, passed through here on No. 4 last night, en route to St. Louis.

James Gilker, a Pullman Palace Car company conductor, who was called here by the illness of his father, left this afternoon for Seattle, Wash., to resume work.

An official bulletin was issued today, complaining of too many way cars being run into the different yards on the M. K. & T. Conductors are ordered to "bunch" freight in order to save space.

J. H. Armstrong, a railway mail clerk on the Katy, between Sedalia and St. Louis, is laying off, due to a case of rheumatism, and R. O. Walker is filling the place. Clerk Nichols is taking care of Walker's run on the south end.

Contractors Refuse to Be Intimidated by Columbus, Ohio, Mob.

Columbus, O., April 15.—A crowd of about 500 laborers, consisting mostly of foreigners and colored men, gathered on the grounds of the old federal building yesterday and a squad of police in charge of Sergeant Sheeb was necessary to disperse them before the work of excavation could be continued by Hurd Bros., contractors.

C. V. Easton, secretary and treasurer of the Laborers' Protective union, and an agent, William S. Allen, were on the scene, endeavoring to force the contractors to hire union labor at \$2 per day for eight hours.

Contractor Hurd, who is to remodel the building, says he will not pay the union's demand of \$2, as he can get men at \$1.50.

QUIT BUSINESS! QUIT BUSINESS!

Everyone, no matter who, or what they need in our lines, should attend the Quit Business Sale, for it matters not how much or how little one has, he or she always wants to make money go just as far as possible, so it is certainly evident by us quitting business, which we are compelled to do, that we are not asking as much as we can get for these goods by taking time to sell them. We are making prices away down to make this stuff move out at once, and the best evidence that people know and appreciate the prices is the quantity that is going out every day. Now, to make it convenient for all, we are going to make a special to last over pay-day for the benefit of the railroad people. The words Quit Business is the best quotation of prices; therefore we won't quote any,

BUT WE WILL MAKE THE PRICES TO YOU

We are bound to get away from here on that given date, and to do that, we must make prices to make these goods move in quantities. We want the money—you want the goods. We must quit. We are not like the other fellow who wants to stay. We are not after profit, but they must have it to stay. Now is the time, just at pay day, just before Easter—a chance to get most anything in Dress Goods, Ladies' Skirts, Lawns, Dimities, Organdies, Men's and Boys' Suits, Hats, Caps, Shoes, of all kinds, and in fact most anything pertaining to these lines, all at these Quit Business prices. We will continue to give with every \$2.50 purchase 10 yards of Calico FREE, and with our \$3.00 Oxfords for Ladies we are selling for \$2.19, we will give a 33c pair of Lace Hose in either tan or black. Come and be convinced that things are cheap; if they are not, don't buy—all we ask is for you to look.

BIG DAY AT WHITE HOUSE

NEXT MONDAY WILL BE WHAT IS KNOWN AS CHILDREN'S DAY THERE.

IT WILL BE THE EGG-ROLLING TIME

The White House Lot is the Center of the Child Life of Washington, D. C., on the Famous Easter Monday.

New York, April 15.—Ten thousand dollars will go to the winners of the Carter handicap, seven furlongs, which will be the feature of this afternoon's program at Aqueduct.

The opening day of the metropolitan racing finds no diminution in interest among the thousands of New York turf devotees, and it is likely that a great crowd will fill the Aqueduct grand stand when the bugle blows for the first race this afternoon. The anti-betting campaign has kept away some of the more timid horse owners and race track followers, but most of the familiar figures of the turf world are to be seen today in their accustomed haunts.

While the Carter handicap is not as rich as some of the big stakes to follow later in the season, it is quite large enough to tempt the owners of some of the fastest horses in the land, and a large field will face the barrier this afternoon. Chapultepec and Angelus will represent the Burley & O'Neill stable, Don Enrique will carry the colors of "Billy" Du Bois, and the fast Spooner and the speedy Dr. Gardiner, "Big Tim" Sullivan's candidate, will likely be among the contestants for first honors.

The mighty Roseben, however, has not been entered for the reason that Trainer Frank Weir believes that it would be injurious to start the big sprinter so early in the season. Weir says that in previous years Roseben began training too soon, and that if his campaign had been put off until later he would have won many more races than he did.

LOCAL OPTION ELECTION

Danville, Ill., Is Voting Upon the Question Today.

Danville, Va., April 15.—A local option election is in progress in Danville today, after a campaign which has been warmly contested by both the liquor dealers and the Anti-Saloon league. Both sides are claiming a victory and the result will probably be very close.

Danville has about twenty saloons, all of which will have to quit business if the "drys" are successful in today's election.

The liquor men are now subjected to a high license and rigid restrictions, being required to close at 7 o'clock and no screens being allowed.

A KNIFE BLADE IN LUNG

THIS IS WHAT KILLED JACOB L. HYLAND INSTEAD OF TUBERCULOSIS.

FOR WHICH DOCTORS REATED HIM

Passed Away in a Hospital in New York, But Cause of Demise Was Not Known Until an Autopsy Was Held Recently.

New York, April 15.—For 20 years or more Jacob L. Hyland, of Brooklyn, lived with a piece of knife imbedded in his right lung, and all that time Hyland thought he was suffering from tuberculosis.

He died recently in St. Luke's hospital, ignorant of the fact that it was a broken blade of a knife that had slowly killed him.

Physicians at St. Luke's found the knife blade when they performed an autopsy on Hyland's body.

How it got there is a mystery which may never be solved, but the physicians say it is likely that the knife blade entered Hyland's lung when he was a boy. This assumption is strengthened by the fact that no wound was visible on the man's body.

From the scanty information Hyland gave the St. Luke's authorities of the history of his case, his lung first bothered him two years ago.

He thought then that he had tuberculosis and physicians at Johns Hopkins hospital, Baltimore and at the leading hospitals in this city treated him for this disease.

GIRL HAS 'EM GUESSING

SHE SPEAKS NINE LANGUAGES, BUT IT IS ONLY WHEN IN A TRANCE.

RESIDENT OF THE PINE TREE STATE

Child is the Daughter of an Invalid Mother and Has Had Very Little of the Pleantries of Childhood.

Portland, Me., April 15.—Scientists are interested in the remarkable trances, or auto-hypnotism, of Winifred Knight, 14 years old.

In her trances, which are not like those of a person who lies in a comatose condition, the child speaks Swedish, Hebrew, Sanskrit, Greek, Latin, French, Spanish and Italian.

When not in a trance the child speaks nothing but English, and would not be able to tell one dead language from another.

Some of her most remarkable sentences in a recent trance were:

"He is calling thee. Wilt thou forsake Him?" in Hebrew. "He is coming soon," in Sanskrit, and "He will appear," in Greek.

Dr. William James, of Harvard university, before whom all the evidence has been presented, says the case might be called one of a medium trance. Auto-hypnotism is another term which might be applied to the manifestation.

The child is the daughter of an invalid mother. She has had little of the pleasures of childhood and much of the cares of a woman of years in nursing and in housework. The manifestations have occurred in the town of Newburg, about 20 miles from Bangor.

The child goes into a sleep, but says she knows all that goes on around her. After an hour of quiet she arouses and talks in tongues that are foreign to her. To some in the audience she apparently imparts the power to interpret when she has the hunc.

WEST VIRGINIA STAKES

A Total of \$53,000 Is the Sum That Is Hung Up.

Wheeling, W. Va., April 15.—Entries close today for the four stakes to be decided during the racing meet of the West Virginia State Fair association.

The stakes are for 2.24 and 2.18 class trotting and 2.24 and 2.14 class pacing, and each is worth \$1,000. The meet will be held in connection with the Ohio, Pennsylvania and West Virginia circuit, which offers a total of \$53,000 in stakes.

Burial of Mrs. Hartshorn.

The funeral of Mrs. Alberta Hartshorn, who died yesterday, was held from the family residence, 219 West Seventh street, at 3 o'clock this afternoon. Rev. W. F. Jones, presiding elder of the Methodist church for this district, assisted by Rev. S. S. Martin, officiating. Music was under the direction of Mrs. Emmet Hurley. Burial was made in the city cemetery.

To The Beef-Eaters.

How much meat you ought to eat depends upon your daily employment.

If you are not shoveling dirt, better eat sparingly of the flesh foods. You can get more muscle-making nutriment out of

Shredded Wheat

with less tax upon the digestive organs. And the difference in cost will also add to your comfort. Try it.

For breakfast heat the Biscuit in oven, pour milk over it (hot milk in winter) and a little cream. If you like the Biscuit for breakfast you will like toasted TRISCUIT (the Shredded Wheat wafer) for luncheon or any meal with butter, cheese or marmalade. At your grocers.

SALE OF PUBLIC LANDS

Offers Not Fewer Than Fifty Thousand Acres Annually.

Pierre, S. D., April 15.—A sale of South Dakota public lands will be commenced tomorrow in Beadle county and will be continued in fourteen other counties.

In all but three of the counties the offerings consist of state school lands.

The sale is undertaken under a legislative provision by which the state land board is required annually to offer not less than 50,000 acres of state land for sale, until a certain stated portion of such lands is disposed of.

Rain Stopped the Game.

The baseball game between Central Business college and Warrensburg state normal at Warrensburg yesterday was called in the fifth inning on account of rain. At that time the Warrensburg team had scored 2 and C. B. C. nothing.

BEHOLD MONSTER TIGER

DELEGATES TO DEMOCRATIC CONVENTION IN DENVER ARE TO SEE IT.

TAKES PLACE OF PROSAIC DONKEY

Metropolis of the Centennial State Will Show the Eastern People Things They Have Never Dreamed of.

Denver, Colo., April 15.—A monster tiger, constructed of papier mache, and located at the principal four corners of the square, at Sixteenth street and Broadway, will welcome the delegates to Denver when they come to the democratic convention, July 7.

This emblem has been selected instead of the prosaic donkey, as the striped king of the jungle lends himself more readily to the purpose of ornamentation.

A special committee of citizens is at work devising plans for the suitable decoration of the city during the convention.

Thousands of electric lights will be strung across the streets and flags and bunting will be freely used in the decorative scheme.

At a meeting of the convention league committees were appointed to welcome with special marks of hospitality the delegates from each of

the states. The residents from every state are members of these committees.

Many of them will be welcoming old friends among the state delegations from their former places of residence.

The great auditorium, which seats 12,500 persons and has standing room for fully 1,000 more, will be completed June 17.

The national democratic committee who have the preparations for the convention in charge, say that preparations for the entire visitors are further advanced at this time than at any similar period prior to previous conventions in any city.

The \$100,000 pledged by Denver to help pay the expenses of the convention was paid in four equal installments, the last one being sent to Chairman Taggart, of the democratic national committee, March 21.

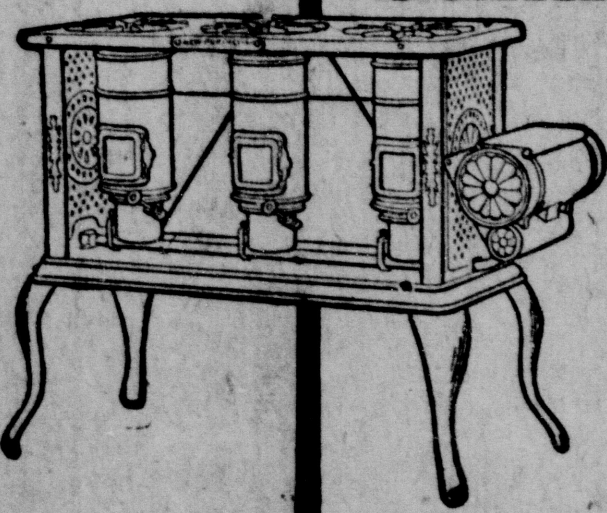

THE ROYAL ARCANUM

State Convention Is Being Held at Springfield, Ill.

Springfield, Ill., April 15.—Members of the Royal Arcanum from all over the state were in attendance when the annual convention of the order was opened in the state house today. The session will be continued tomorrow and several important matters will be considered.

A movement has been set on foot to make this city the permanent convention headquarters of the order.

Have You a Summer Stove?

heating the room. If you examine the

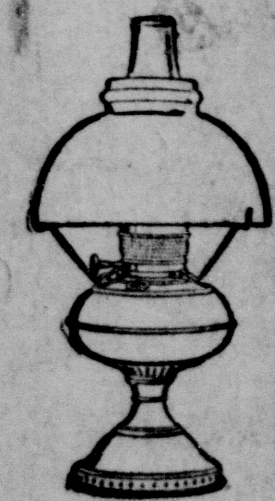

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

you will see why this is so. The heat from the chimney of the "New Perfection" is concentrated under the kettle and not dissipated through the room by radiation. Thus it does the work of the coal range without its discomfort. Ask your dealer about this stove—if not with him, write our nearest agency.

HERE'S MORE TAFT "ROT"

OH, FOR NOVEMBER, WHEN DAY OF RECKONING WILL COME TO CERTAINTY.

THE REPUBLICANS OF MINNESOTA

They Will Hold Their State Convention at Minneapolis Tomorrow—District Conventions in Massachusetts.

Minneapolis, Minn., April 15.—Minnesota's republican state convention will meet in Minneapolis tomorrow, to select delegates at large to the Chicago convention.

It is considered certain that the convention will endorse the administration of President Roosevelt and instruct the delegates at large to support the presidential candidacy of Secretary Taft.

Many delegates to tomorrow's meeting arrived in the city today, and all are apparently unanimous in their zeal for Taft. The convention to choose a state ticket will be held on July 1 at St. Paul.

Want Uninstructed Delegates.

Salem, Mass., April 15.—Republican leaders of the Sixth Congressional district are beginning to gather here for tomorrow's convention, when the fight between the Taft and "uninstructed" forces will be decided. The candidates for delegates are Vittum, of Beverly, and Hoyt, of Haverhill, and Winslow, of Beverly, who want to go to Chicago unpledged to any candidate.

Taft Gets Two More.

Somerville, Mass., April 15.—Taft will probably get two more delegates in the national convention through the action of the Eighth District convention here today. The Taft candidates are opposed by "unpledged" delegates, but the former will likely be successful.

FIGHT ON BRYAN IN MAINE

Want Uninstructed Delegates Sent to Denver.

Saco, Me., April 15.—A fight between the adherents of Bryan and those favoring an uninstructed delegation to the Denver convention has developed among the delegates to the First Congressional district democratic convention, which was called to order in the city hall at 1 o'clock this afternoon.

Present appearances indicate a victory for the anti-Bryanites. Two regular district delegates and one delegate at large will be selected by the convention.

CHICAGO NEWS LETTER

THE EXTENSION OF AMERICAN TRADE IN THE ORIENT AT PRESENT.

THE LONGEST TRIAL ON RECORD

That is, So Far as the United States is Concerned—A Canadian Rival in the Celebration of Fourth of July.

Special to the Democrat-Sentinel.

Chicago, April 15.—The extension of American trade in the Orient, which has so long been urged by commercial interests in this country, has received a new impetus and at last bids fair to become an assured fact. On the same day that 57 Japanese bankers, merchants and editors arrived in this city for the purpose of investigating American trade conditions, announcement was made that this country would reciprocate by sending a similar delegation of merchants and manufacturers to Japan and China. The envoys will be sent by the Illinois Manufacturers' association and will sail some time within the next six months in a special steamer, the first of a new line of ships which has just been established between the United States and the far east. Several diplomats from the department of state will accompany the trade envoys for the purpose of coaching the manufacturers in the intricacies of Oriental court etiquette and social procedure. The delegation will call upon the emperor of Japan and the emperor of China. Korea and the Philippines will be touched in the course of the trip and no opportunity will be lost to further American commercial interests in the Orient. The Japanese party, who were the guests of the Chicago Association of Commerce during their stay in the city, are seeing the United States by train. Orders were given throughout the trip to stop wherever the envoys of the Flowery Kingdom desired and train dispatchers from Seattle to the Atlantic have been kept on the jump to locate the special. The thing which most impressed the visitors during their stay, according to their account, were the height of the office buildings and the enterprise of American newspapers.

All interests but the Chicago sanitary board now have united in urging the deep waterway to the gulf and the bond issue of \$20,000,000 for it, which is to be retired by the water power revenues which the state purposes to develop. This month there will at last come to trial suits aggregating \$5,000,000 against the sanitary district of Chicago for damages claimed by farmers in the Illinois river valley as a result of the 300,000 gallons per minute from Lake Michigan added to the river's flow. These suits, if decided against Chicago, will add a large sum to the cost of the drainage canal, already over \$52,000,000, which will go toward the waterway's total cost. Until these suits are decided the drainage trustees legally can raise the gates of their dam at Lockport and send down an amount of water which would flood the valley. The city of Joliet and other towns in the Des Plaines river valley have been in real jeopardy for several years from the bulk of water withheld behind a dam of doubtful safety and so have consistently opposed efforts of the sanitary district to secure power from the state to carry the drainage waters through the city of Joliet behind retaining walls, the breaking of which would inundate its business district. During this month, also, the suits of the state of Illinois against the Economy Light and Power company will come to trial and determine the amount to be paid for that company's property rights where it has begun a dam in the Des Plaines river at Dresden Heights. The construction work was stopped by injunctions secured by the state in accordance with plans which the state's constitution now forbids.

This year the Fourth of July celebrations will have a Canadian rival, according to word which has been received from Winnipeg, Manitoba, and already the inhabitants of that city are planning a special celebration on July 1, the anniversary of the founding of the Dominion of Canada. The land of the Maple Leaf is comparatively young in years and its political organization. The confederation of the colonies of British North America was effected July 1, 1907, under the British North American act of that year. The celebration of "Dominion Day" this year means more than usual to Winnipeg, for on that date the new government transcontinental line known as the Grand Trunk Pacific railway will begin running its trains from Winnipeg to Saskatoon, a distance of 550 miles. The entire line will be complete in every detail be-

tween Winnipeg and Saskatoon inside of the next year. The new road is almost an air line from Winnipeg to Saskatoon and passes through some of the very richest farming land, for engineers have claimed that the entire line from Portage la Prairie to Saskatoon, runs through no poor land. Since the contracts were made for this new road the entire country between Winnipeg and Saskatoon has been settled up in advance of construction, and all government lands available have been entered and settled upon. Many town sites will be surveyed and opened up along the railroad the coming summer and it is expected that before July 1st celebration there will be a veritable rush of settlers along this new road for the thousands of acres of other lands that are available. It is anticipated that the entire line between Ft. William and Edmonton will be completed and in operation next fall.

Nowhere in the United States are there put into daily use so many rules not found in arithmetics for reducing money values and quantity units of foreign lands to those of Uncle Sam as in a single office on LaSalle street. Here are changed not only the mark of Germany, the peso of Argentine, the franc of France and the shilling of old England, to their equivalents in dollars and cents, but also curious grain measures of all the world into American bushels. This is one of the tasks of board of trade accountants, for the world's quotations are received by the big grain exchanges and furnished to the public. They come by cable, usually in units that are strange to most Americans. Instead of bushels, Paris, Berlin and Antwerp quote grain by the kilo, 100 kilos being equal to 3.67 bushels; Buenos Ayres by the cahiz, which equals 19.17 bushels; Russia by the chetwerk of 5.92 bushels and England by the "quarter" of 8 bushels. The cental of 100 pounds, which arithmetics mention, as a matter of fact has not been generally adopted outside of California as a unit of quantity. The daily cables from abroad which are widely posted and printed, involve not only much technical labor, but great expense to the grain exchanges which give them to the public. But they enable anyone, rich or poor, to be at no such disadvantages as are cotton planters in some of the southern states where laws have been passed which shut out quotations from cotton exchanges. Those laws have been aimed at dealings "for future de-

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrapper and attest its correctness under oath, are daily growing in favor. The opinion of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formula, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that), yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any number of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

livery," as in the case of bill's proposed in congress relating to grain, but have left the cotton planters in the dark as to world prices, and, consequently, at the mercy of the big cotton buyers just as grain growers would be at the mercy of powerful buying interests if "futures" were taboored.

The longest trial in the history of the United States came to a conclusion last week when the suit of the Chicago and Northwestern railway to obtain possession of the ground on which to erect its new \$25,000,000 passenger station was decided, awarding damages amounting to \$765,000 to 500 claimants. The case was one of the most intricate civil cases ever tried in Cook county, and from the trial involved large figures and unusual happenings. The hearing began Sept. 3, 1907, after 1,200 veniremen had been examined as prospective jurors, and the trial lasted 152 days. The jury deliberated seventeen days and finally turned in a verdict covering thirty-five closely typewritten pages, so bulky it took the clerk more than half an hour to read it. The rights of the respective property owners, so fixed by the jury, ranged from 1 cent to \$125,000. A peculiar feature of the verdict was the valuation of two strips of land, one two inches and the other one foot wide. The strips had been left by an error in survey and were valued by the jurors at \$600. One hundred and twenty-five lawyers represented the various property owners, and they mutually agreed to the payment of \$5 a day to the jurors instead of the usual \$2 fee. The check in payment of the jury fee was one of the largest ever made out for this purpose, nearly \$10,000. The property that must be vacated is known as the "machinery district." Several big firms will be compelled to find new locations.

From Alaska has come another man with the feeling that he has his work cut out for him as the real nemesis of A. C. Frost, president of the Chicago and Milwaukee Electric railroad Co., now in receivership, and of other big Chicago ventures. The projector of the Alaska Central railway, John E. Ballaine, of Seward, Alaska, is the latest to qualify in the nemesis job by threatening a \$2,000,000 suit in the state of Washington and a receivership for the Alaska road. The "railroad" extends from Seward, on Cook's island, into an unpeopled region fifty-two miles, at \$75,000 per mile, one of the most lavishly built steam roads on the continent. No freight or passengers are now hauled over the rusty rails, even in summer, and the one locomotive, it is said, has been sold to help pay Frost's salary. The division of spoils from construction companies forms the basis of complaints against Frost, the "financier" in this as in other cases.

"One of the greatest evils of the American system of education, if we may be said to have a system, is the large number of children who finish their schooling at the age of 14," is the criticism of President Charles D. Eliot, of Harvard University, who is now in Chicago delivering a series of addresses on university education.

TEARS MAN'S HEART OUT

Dan Calvin Was Instantly Killed at Foley, Mo.

Elsberry, Mo., April 15.—Dan Calvin was instantly killed at Foley, eight miles south of here, last afternoon by the premature explosion of fourteen sticks of dynamite.

Calvin was burning stumps on the farm owned by J. B. C. Lucas, of St. Louis. Both hands and legs were blown off and Calvin's heart was torn out by the explosion. One hand was hurled fifty yards.

SHE KILLED, AND IS FREE

THE VICTIM HAD TRIED TO WIN
A NEIGHBOR'S HUSBAND
IN CALIFORNIA.

SHOOTING IS VERY SENSATIONAL

Justice Quickly Discharged Mrs. U. Z.
De Arman, Wife of the Los An-
geles Horseman—Courtroom
Crowd Cheerful.

Los Angeles, Cal., April 15.—Mrs. U. Z. De Arman, wife of the horseman at Santa Anita, who shot and killed Mrs. Helen Griffin in Monrovia, March 31, was given her liberty yesterday by Justice P. B. Holloway of Monrovia. The justice held that the defense had made its case justifiable homicide.

The crowd in the courtroom cheered the justice and congratulated Mrs. De Arman. Tears stood in the eyes of the spectators as they saw the justice standing with arms outstretched and sobbing: "If ever there was a case of justification—go home and care for your babies."

Scarcely half a minute elapsed between the closing argument of Paul Schenck, who appeared for the defendant, and the decision of the magistrate. When he finally endeavored to speak he sobbed so that the words scarcely could be heard. Mrs. De Arman's attorneys based the defense upon justifiable and excusable homicide.

Every incident in the life of Mrs. De Arman tending to show that she had been taunted by Mrs. Griffin, who was endeavoring to break up her home, was brought out by the defense. Witnesses testified that they had known Mrs. Griffin as Mrs. De Arman and to many she represented herself as his wife.

A letter to which Mrs. Griffin signed her name as Mrs. De Arman was introduced as evidence and the defense proved that this was done openly and in defiance of Mrs. De Arman.

Other witnesses testified that the original intention of Mrs. De Arman had been to end her life and the lives of her four children. She feared that if she would die Mrs. Griffin would have them in her care.

The shooting followed a series of events in which Mrs. Griffin, according to the testimony, openly flaunted before Mrs. De Arman's friends her influence over De Arman. At last, according to the testimony, when the children asked who their other mother was, the defendant said she could not bear the strain any longer and decided to kill the woman.

Mrs. De Arman fainted when she heard that she was free. A physician and trained nurse have been in constant attendance upon her since the shooting and they were with her in a carriage to her home.

WAS FINED \$240 AND COSTS

For Renting a House on Main Street
for Immoral Purposes.

(From Wednesday's Daily.)

Henry Laupheimer was fined \$240 and costs by a jury in the Pett's county circuit court today for renting a house to Nell Reid, a bawd, on September 1, last.

The case went to the jury this morning and after a short deliberation a verdict was returned. Judge Longan defended Mr. Laupheimer.

The case of Louis Pritchard, larceny from a railroad car, was continued generally.

The following jury was sworn to try the case of J. F. M. Connee, charged with conducting a bawdy house: C. M. Davis, A. H. Wainwright, E. D. Hansbrough, M. K. Swope, T. L. Scott, Emmett Franklin, James Marsh, Charles Knox, W. S. Scott, Tim Delaney, J. J. Coats and J. T. Colaflower.

ONE TOWN ENTIRELY SWEEP AWAY

Others Are Seriously Threatened—
Boston and Montana Smelter,
Largest in the World, Is
Thought Doomed.

Helena, Mont., April 15.—The flood here today is uncontrolled and is rapidly advancing upon Great Falls. It is believed that the Boston and Montana smelter, one of the largest in the world, is doomed.

Craig, Montana, has probably been wiped off the map, although so far as known, all the inhabitants have escaped with their lives.

Cascade, a town 460 miles from Helena, is under water and is in great danger of being swept away.

The flood is the worst ever experienced in this part of Montana and is the result of the breaking of a dam yesterday.

DEATH CAME SUDDENLY

To Man Who Was Reading Account
of His Alleged Wrong Doing.

Philadelphia, April 15.—Confronted with the accusation of embezzling more than \$12,000 from the Franklin Institute in this city, of which he was treasurer for twenty-two years, Heret E. Heyl was seized with what was said to have been apoplexy today and died shortly afterward.

He was reading in a paper an account of the embezzlement and a warrant for his arrest. He arose, ran to the hallway and collapsed.

WIFE SAW HUSBAND DROWN

And Four Sisters Witnessed Drown-
ing of Brother.

Chicago, April 15.—During a forty-mile gale on Lake Michigan today Joseph Sacchel, a wholesale liquor dealer, and Arthur Freud were drowned. A small boat in which they were rowing capsized.

They met death in the presence of Sacchel's wife and Freud's four sisters, who watched the boat from the shore.

A DIVORCE FOR RICHARDS

HIS WIFE IS DAUGHTER OF THE
LATE ROGER Q. MILLS,
OF TEXAS.

SHE HAS RENOUNCED HER HUSBAND

Says That the Marriage Relation Is
Sinful and Immoral, and in
Consequence Suit for Di-
vorce Is Instituted.

Ironton, O., April 15.—Major Geo. Richards, of the United States naval service, and brother of Judge John K. Richards, has filed a sensational divorce suit in the common pleas court.

The petition avers that he was married in Washington City to Miss Frances Mills, daughter of ex-Senator Roger Q. Mills, Dec. 28, 1898. At that time Miss Mills was a resident of Corsicana, Texas.

The marriage contract, it is alleged, was entered into by the two, in the form of law and under the solemnities of religion by which they agreed to become husband and wife, and, after publicly taking the marriage vows which defined their relations, were pronounced man and wife.

The petition further avers that at the time the plaintiff was 26 years old, and an officer in the United States marine corps, just back from service in the Spanish-American war; was a man of robust health, physically capable of entering into and consummating the marriage contract, and of discharging all its obligations; while the defendant, so far as the plaintiff knew, was a woman 25 years of age, fully capable of entering into and consummating the marriage contract, and of making the plaintiff a good wife.

The plaintiff further avers that during the nine years of their married life the defendant has steadfastly refused to become his wife in fact as well as in name, and has refused to recognize the marital obligations she had assumed toward the plaintiff when she entered into the marriage state, claiming that such relations are sinful and immoral.

The plaintiff further alleges that he was induced to marry the defendant by fraud. In the petition the plaintiff sets forth his renunciation by his wife, of which she informed her husband in the following language:

"I hereby renounce, now and forever, all claims as the wife of Geo. Richards and do solemnly declare that I shall never return to him."

Mr. Richards' attorneys are Lawrence Maxwell, of Cincinnati; A. S. Worthington, of Washington, D. C., and A. R. Johnson, of this city.

LOCAL OPTION PETITION

Denial That Cannot Get Signatures
for Election.

(From Wednesday's Daily.)

There was a street rumor today that the local option advocates were unable to secure a sufficient number of signatures to the petition asking for a local option election in Sedalia. Rev. James Parsons, who has the work in charge, was called by the Democrat-Sentinel over the phone and replied that anyone who made that statement did not know anything about the matter.

Rev. Parsons said he did not know when the petition would be presented to the city council, but it would not be done until he (Rev. Parsons) so requested.

PLAY SCHOOL FOR CHILDREN

Steps Being Taken to Provide One in
Sedalia.

(From Wednesday's Daily.)

Members of the Business Men's club are today soliciting funds from the business men of the city for the purpose of establishing a play school for the public school children of the city, the school to be conducted during the months of June, July and August of each year.

It will be necessary to raise \$500 with which to conduct the school during the first year, after which the Sedalia school board is to defray the yearly expense. If the committee, consisting of James K. Kidd, J. W. Mellor and James T. Montgomery, succeeds in raising the required sum the school will be established.

Prof. R. L. Melendy, of the State

University at Columbia, is in the city to explain the new project and is accompanying the committee this afternoon.

The play school is conducted in the larger cities of the country and is a means of keeping the children, especially the younger element, off the streets during the summer months.

It will be operated on the plan of a gymnasium, indoor and outdoor games, indulged in by both males and females, will be provided, and a gentleman and lady teacher, experienced in that line, will be engaged to teach the school, which will be open from 8:30 a. m. to 5:30 p. m. on six days of each week during the specified months.

FIRST MAN SHE EVER MET

MISS ADA H. PRATT MARRIED TO
B. FRANKLIN HOOVER IN
PHILADELPHIA.

SHE BELONGED TO PECULIAR SECT

Never Until She Was 29 Years Old
Was Introduced to a Man, and
Very Soon Afterward She
Proceeded to Get Busy.

Philadelphia, April 15.—After being born and reared in a colony of women who believe that marriage is a sin, Miss Ada H. Pratt, of Washington, D. C., was married yesterday to B. Franklin Hoover, of Philadelphia. He is the first man she ever met.

Mrs. Hoover's mother left her husband twenty-nine years ago to join "The Women's Commonwealth," founded by Mrs. Martha McWhirter, in Waco, Texas. Two months later her daughter, Ada, was born. Ten years ago the Commonwealth moved to Washington.

Last summer Miss Pratt disobeyed the rules of the colony, and while downtown with a girl friend permitted herself to be introduced to Hoover. She says that after that she could not get him out of her mind.

He went to Chicago from Washington and returned to Philadelphia a few days ago. Hearing by letter of his coming, Miss Pratt came here, and the wedding followed.

CHARGE IS A SERIOUS ONE

Business College Student Was Ar-
rested Here Today.

(From Wednesday's Daily.)

Oran Smith, aged about 21 years, who is attending a local business college, was arrested here by Officers Wood and Thompson this afternoon on information from Cass county, charging him with enticing away from home, for immoral purposes, a minor girl of Drexler, Cass county, Mo.

Smith, who is of neat appearance and dresses well, was arrested while at his studies. Accompanied by the Cass county sheriff he was taken to Drexler to face the charge at 2:30 o'clock this afternoon.

POLICE JUDGE LOCKED UP

Knocked Down by Police Chief It Is
Claimed He Tried to Shoot.

Carmi, Ill., April 15.—During an altercation yesterday between Police Judge Alfred Pendell and Chief of Police H. S. Parsons over the release of a prisoner, Judge Pendell, it is claimed, attempted to shoot the chief, and was knocked down by him and placed in jail.

There has been ill feeling between the two officers for some time.

Milwaukee, Wis., April 15.—Ira B. Smith, formerly a member of a prominent wholesale grocery firm, was today sentenced to two years in the house of correction for obtaining money under false pretenses.

Died of Pneumonia.

(From Wednesday's Daily.)
Mrs. Mary Bradley, wife of D. I. Bradley, a farmer of R. F. D. No. 1, nine and one-half miles northeast of Sedalia, died of pneumonia this morning, aged 30 years. Besides her husband, two children survive. Funeral services will be held at Hopewell chapel at 2 p. m. tomorrow and burial will be made nearby.

INDICTED FOR REBATING

IRON MOUNTAIN FORMER TRAF-
FIC MANAGER AND COM-
MISSION MAN.

THE FEDERAL GRAND JURY ACTS

Result of Investigation at Little
Rock on Shipments of Grain
From the West Via the
Gouli Line.

Little Rock, Ark., April 15.—The United States grand jury last afternoon indicted the Missouri Pacific-iron mountain railroad, former Traffic Manager W. C. Stith and T. H. Bunch, a leading grain dealer of Little Rock. One indictment containing fifty-eight counts, alleging rebating, was returned against each party. Mr. Bunch gave bonds for \$10,000 with Oscar Davis, W. W. Dickinson and Gordon N. Peay as sureties.

The indictments were brought under the anti-rebating clause of the Elkins law, the penalty being a fine of not less than \$1,000 or more than \$10,000 for each offense, or imprisonment, or both. The imprisonment feature is left with the discretion of the court.

Several months ago the Brooks-Rauch Mill and Elevator company, of Little Rock, wrote President Roosevelt that the iron mountain was discriminating against grain dealers of Little Rock in the matter of rebating. The president was asked to assist in stopping the practice if possible.

Mr. Roosevelt wrote Mr. Brooks that he had turned the letter over to the interstate commerce commission and the complaint would be investigated at once. H. S. Smith, an inspector for the interstate commerce commission, was sent to Little Rock. He arrived here several weeks ago and at once commenced the investigation which resulted in the indictment.

The grand jury began its work Monday of last week. Among the witnesses examined were General Freight Claim Agent Tustin, of St. Louis; the chief clerk in the freight department, George Cunningham; a local grain dealer and members of the firm of Brooks-Rauch Mill company. Other St. Louis officials of the iron mountain, by agreement, sent documents, instead of answering the summons in person. No effort whatever was made to conceal any of the facts, says the government officials. It was shown that a large number of checks for various amounts had been issued in rebates on Little Rock shipments, dating from August 16, 1905.

Mr. Bunch is indicted on charges of accepting the rebates, and Mr. Stith and the railroad company are charged with giving rebates and transporting property for rates less than those filed with the interstate commerce commission.

Mr. Brooks, of the firm of Brooks-Rauch, stated last night that his firm will at once institute suit against the iron mountain for \$37,000 damages, the amount they claim to have lost on account of the alleged discrimination. He says the other grain firms of Little Rock will do likewise.

Officials Say Nothing.

Officials of the Missouri Pacific-iron mountain were informed last evening at St. Louis headquarters of the action taken by the federal grand jury at Little Rock. The positively declined to make any statement, and said they had no knowledge of the facts.

Former Freight Traffic Manager W. C. Stith, who left the Gold lines' service last fall, is now traffic manager for the Waters-Pierce oil company. He stated last evening that the whole matter was a surprise to him, and therefore he could not say anything. He would wait for further information.

From other traffic sources the opinion was expressed that possibly the alleged violation of the law might be technical or that it could result from the publication of two tariffs on a milling-in-transit shipment.

BIDS FOR THE NEW CHURCH

The Rev. Fr. McNamee Opened Them
in Kansas City Tuesday.

(From Wednesday's Daily.)
Rev. Fr. B. R. McNamee returned at noon today from Kansas City, where, yesterday, bids were opened for the erection of a new church

building for the congregation of St. Patrick's church.

All bids for the brick and carpenter work were rejected on account of the figures being too indefinite but the Pioneer Steel company, of Kansas City, secured the contract for the steel work.

Tony Turner, of this city, was awarded the contract for the sheet metal and slate work.

Rumor of a Marriage.

A well founded rumor is current that a pretty and popular Ohio street saleslady is to be united in marriage to a young mechanic of Parsons, Kas., in this city next Monday.

NO BRYAN INSTRUCTIONS

FRIENDS OF NEBRASKAN DECIDE
NOT TO FIGHT FOR NEW
YORK DELEGATION.

TRIED HARD BEFORE COMMITTEE

Thought Once They Would Take it
Before the Convention, But
Finally Determined Not
to Do So.

New York, April 15.—Before the second session of the democratic state convention met today the friends of Wm. J. Bryan decided to abandon the idea of presenting a minority report from the committee on resolutions favoring an instructed delegation for Bryan. The election of delegates and presidential electors was almost forgotten in the excitement over the contest. Senator P. H. McCareen, leader of the Kings county democracy, is making sure of seating his delegates from sixteen of the contested districts. After an all night battle before the committee on credentials, McCareen delivered his ultimatum to Tammany Hall that that organization keep its hands off the Kings county democracy.

The committee on resolutions at last night's meeting voted down the motion to substitute a Bryan instruction resolution for the one adopted by the sub-committee, which calls for an uninstructed delegation, and National Committee Norman E. Mack, of Buffalo, had given notice that he expected to submit a minority report today. This idea, however, was abandoned after a consultation with the Bryan supporters.

KEPT OUT COUNCIL-ELECT

Cid Omaha Aldermen Finally Let
Them in City Hall.

Omaha, Neb., April 15.—The newly elected city council of South Omaha met yesterday and demanded possession of the city hall, but members of the old council declined to yield.

The members of the old body have filed new bonds and declare they will remain in power, alleging that the recent election was illegal and void.

This contention is made on the grounds of irregularities in holding primaries. Both sides have retained counsel and the matter will doubtless have to be settled by the courts.

The contest has stirred up a big partisan warfare, and over 500 citizens attempted to secure admission to the city hall Monday night, when the regular meeting of the council was scheduled to take place.

The old officials last night gave up the fight and the newly elected council perfected its organization.

What the Campaign Cost 'Em.

Up to date only five of the men who participated in the recent city election in Sedalia have filed their expense accounts for conducting their campaign with Recorder Morey. The list of those five follows:

W. H. Boult, marshal, \$66.75.
W. W. Blain, city attorney, \$99.50.
R. M. Johns, alderman, \$32.50.

A SEDALIA WOMAN THERE

FRANK SCHNECK ON TRIAL FOR
THE MURDER OF WIFE
AND CHILDREN.

THE TAKING OF TESTIMONY BEGAN

Mrs. Mollie Stewart Alleged to Have
Been Implicated—The Latter's
Mother, Mrs. Cummings,
Present at Trial.

Ottawa, Kan., April 14.—A jury was completed at 9:30 o'clock yesterday morning to try Frank Schneck for the murder of his wife at Centropolis, a separate trial having been granted Schneck and Mrs. Mollie Stewart, who is jointly charged with Schneck with the commission of the crime. The murder of the two children, Johnie, aged 9, and Stella, aged 3, is not included in this charge. The members of the jury are:

W. A. Payne, farmer, Pomona; M. R. Stephenson, farmer, Richmond; John Howell, farmer, Princeton; C. H. Glinkman, farmer, Lane; O. W. Ashby, meat dealer, Ottawa; J. H. Gray, farmer, Peoria; John Dum, farmer, Williamsburg; D. R. Sister, farmer, Williamsburg; F. M. Baldrige, clerk, Wellsville; T. A. Davidson, farmer, Williamsburg; H. L. Hust, farmer, Richmond; W. K. Fellhagle, farmer, Princeton.

Neither the state nor the defense exhausted its peremptory challenges.

Attorney Walter Pleasant made the statement of the state's case to the jury. The state would show, he said, that Schneck deserted his wife and children and left them dependent upon public charity while he made love to Mrs. Stewart. The state would prove, he said, that Schneck had mortgaged the little home in Centropolis, Mrs. Schneck's inheritance from her father, and would show that on the night of the murder a buggy was driven through the snow from Ottawa to Centropolis and returned by an unfrequented route; that a stop was made on the return and a whisky bottle thrown away by a man wearing overshoes; that Schneck changed all his clothes on the morning following the murder, though he wore clean clothes the day before; that a bloody shirt and bloody overshoes were found by Ed Stewart at his home following the murder.

The state said it would prove that Mrs. Stewart destroyed some of this evidence; that Schneck showed no emotion when told of the deaths, but that he and the Stewarts immediately attributed Mrs. Schneck's death to suicide. It would be shown, the attorney said, that a light was burning in the Stewart home at 4 o'clock on the morning following the murder, and that other evidence would show that Schneck and Mrs. Stewart were up during the night and that a fast horse of Stewart's had been driven.

Sampson Boles, nephew of the dead woman, was the first witness called by the state. He told of Mrs. Schneck's misfortunes, her dependence on the neighbors for food, her removal back from Ottawa to the little home in Centropolis and the discovery by the witness of the dead bodies there on the Monday following.

Mrs. Stewart was not in court. Her mother, Mrs. Cummings, of Sedalia, Mo., is attending the trial. Schneck's parents, Eli Schneck and wife, of Lawrence, his sisters, Mrs. Krames, of Westphalia, and Mrs. Morrow, of Muskogee, Okla., are with him.

The court room was not crowded at the morning session. The state probably will consume three days with its testimony. Many of the witnesses are Dunkards from the Dunkard settlement at Centropolis.

RESPECT THE LAW.

Respect for the law is the great-
est need of today, says a recent mag-
azine article. The head of a great
corporation should be compelled to
respect the laws regulating his cor-
poration, as he demands that others
respect the law that protects the
property of the corporation. The an-
archy of capital, breeding lawless-
ness, should be no more tolerated
than the anarchy of labor, breeding
riot and disorder.

Men should be taught that the un-
justifiable killing of a human being
is murder, whether it be done by one
as an individual or as part of a mob
of a thousand. The dramsop keeper
should be made to realize that the
law governing his shop is just as
sacred as the law that protects him
in the enjoyment of his property.

We hear every day protests against
enforcing the law relating to cor-
porations and tending to prevent
evil practices. The protest is usually
placed on the ground that prosperity
is interfered with. No legitimate
business can be hurt by eliminating
the evil that may be in it. The in-
surance companies and the beef
packers are in a better position today
than they would have been had they
not gone through the cleansing pro-
cess.

Without the law the capitalist
would make no investments, for
property would have no protection.
His gold would lose its value; his
life would not be safely guarded. To
the law he owes all, for without the
law he would lose all, and he should
respect and obey the law, even
when it regulates his business or
limits his earnings.

In bribery, violation of the gam-
bling laws, the dramsop laws or the
railroad rebate laws there may be
no individual injury, but there is al-
ways a public injury. Laws of this
kind are the most difficult of en-
forcement, and unless the official
who represents the public takes it
upon himself to see that they are
carried out, they often go unenforced.
They do not enforce themselves.
Without officials to execute them
they are as useless as guns in war
without men behind them.

PLEDGES AND BLUFFS.

The democrats have called the
bluff of the republicans. If Roosevelt
and the republican leaders really de-
sire the legislation which the pres-
ident has been urging in his messages
the democrats will supply the neces-
sary votes. There are 220 republicans
and 166 democrats in congress, yet
John Sharp Williams, the leader of
the minority, has given his party
pledge to pass the legislation urged
by Roosevelt if the republicans fur-

nish only twenty-five votes for the
program. If 10 per cent of the re-
publicans in congress can not be
brought to vote for the measures
urged by their leader and their party
platforms, the organization had bet-
ter admit at once that it is a fraud
and a pretense.

The fact is that the republican
politicians who control the organiza-
tion do not want the measures for
which the rank and file or the party
compel them to stand. With the
pledge of democratic aid now before
them they are between the devil and
the deep sea. They are too selfish to
give the people what they want and
they are not sufficiently patriotic to
allow the democratic party any credit
for furnishing relief.

It would seem to the average citi-
zen who cares more for his country
than he does for the allotment of
political spoils that a congressional
house cleaning would be a mighty
good thing in this graceless year of
grace.

A SEDALIAN IN ST. LOUIS

COL. J. WEST GOODWIN VISITS
THERE AND GETS HIS PIC-
TURE PRINTED.

THE "REPUBLIC" OF SUNDAY HAD IT

Retired Journalist Interviewed and
Says He Is Still Opposed to
Mr. Bryan, Which Is Truly
Distressing News.

The St. Louis Republic of Sunday
had a true-to-life picture of Col. J.
West Goodwin, of this city, together
with the following:

All doubt as to the approach of the
campaign was dispelled by the visit
last week to the city of Col. J. West
Goodwin, of Sedalia, one of the old-
est editors in the state, who estab-
lished the first democratic newspaper
south of the Osage river after the
civil war, the Springfield Leader,
known formerly as the Southwest
Democrat.

Wearing the same old beaver
"plug" hat which for the last thirty
seven years has made him conspicu-
ous, particularly at democratic con-
ventions, Col. Goodwin spent Monday
at the Southern hotel greeting many
politicians, and taking a part of his
time to transact personal business
which brought him to the city.

Those not acquainted with Col.
Goodwin need no further description
of him than that "he looks like Uncle
Sam," even to his hat. He is proud
of his high title, and enjoys to hear
that he resembles the pictures of
Uncle Sam.

Although a life-long democrat, Col.
Goodwin has never favored William
Jennings Bryan. He was one of the
gold democrats who disagreed with
the Commoner in 1896, and has never
been able to reconcile himself politi-
cally to the Nebraskan since that
campaign.

"I have the greatest respect for
Mr. Bryan personally," said Col. Good-
win, "and I enjoy his company im-
mensely, but I do not agree with his
political ideas."

Col. Goodwin usually finds time to
come to St. Louis in times of cam-
paign long enough to learn the polit-
ical situation. He believes this city
is the clearing-house for all political
news of the state and finds his way
here from time to time during each
campaign.

Discussing the present campaign,
Col. Goodwin cautiously avoids giving
an expression as to the chances of
any candidate for governor. He will
not discuss the senatorial situation
further than to state that his county
(Pettis), at this time probably would
be carried by Governor Folk, but he
adds that conditions might change
before the election.

"Nobody can tell what will happen
before November," said Col. Good-
win, "and I could not express any
choice at this time, as both candidates
are my friends. I supported Senator
Stone when he made the race for con-
gress many years ago. As to the gov-
ernatorial campaign, it is a case of
"the devil take the hindmost" with
me."

Col. Goodwin says he has "retired
from politics," although he admits
that he is still very much interested.
He says he will take no active part
in the campaign.

Col. Goodwin was born in Jefferson
county, New York, in 1836, and spent
more than half a century publishing
newspapers in various parts of the
country. His first effort was in Lewis
county, New York, where he con-
ducted a paper until 1857.

For four years Col. Goodwin con-
ducted a newspaper in Indiana, at
Lafayette and at Liberty, discontinu-
ing the publication when the civil war
opened.

Col. Goodwin was captured three
times by Confederate soldiers—once at
Florence, Ala., again at Franklin, Ky.,
and a third time at Columbia, Tenn.
Twice he escaped, once at Florence,
Ala., by climbing a tree and hiding
in the branches until his captors
marched away, and again by cutting
a hole in the back of the guard's tent
while the sentinel was asleep.

In describing the last incident Col.
Goodwin said: "I thought every min-
ute the guard would be awakened.
Each thread of the canvas seemed to
snap like the report of a cannon and
I can't for my life see how I got away.
But I did and walked all the way from
Franklin to Henderson."

Col. Goodwin says that if he had
his life to live over again he would
be a printer and publish a newspaper.
He is a life member of the Missouri
Editors' association, that honor hav-
ing been conferred upon him at the
last meeting of the organization in
this city a year ago.

GOT DEFAULTING AGENT

ERRING BRIDE LEAD SLEUTH TO THE HIDING PLACE OF EMBEZZLER.

OFFICER INTERCEPTS HER NOTES

Crooked Railroad Agent Had Tired of Woman's Affections and Was Trying to Throw Her Overboard.

St. Louis, Mo., April 13.—The infatuation of the 19-year-old bride of another man for J. W. Bryant, confessed embezzler of thousands of dollars from the Frisco while he was its station agent at Rocky, Ok., led to his arrest two weeks after his flight. Bryant was taken through St. Louis Saturday night on the way to Rocky, in the custody of Ernest Poindexter, special attorney for the American Surety Bonding Co., who captured him.

According to Bryant's story, he left the woman, who married a warehouse man at Rocky six months ago, with the promise that he would send for her to join him. He told her to write him at Norton, Va., under the name of W. H. Wood. But he had no intention of keeping his promise, he said, for he had already tired of the young bride's devotion.

She was not so easily shaken off, however, and was not discouraged when eight letters, which she had written him were not answered. She wrote herself a telegram, purporting to come from her former home in Michigan, and signed "Sister." It stated that her mother was dying and that she should come home at once.

Armed with the telegram, the woman obtained money from her husband for a ticket to her home. When she took the train she did not know that she was followed by A. T. Lawrence, an inspector for the bonding company, who had been watching her since Bryant's escape.

On the train she wrote another letter to Bryant, telling him she had forsaken home and husband for his sake, and beseeching him to meet her in Chicago.

The inspector succeeded in intercepting the letter before it was mailed, opened it, made a copy, resealed the envelope and mailed it. He followed the woman to Chicago, hoping that Bryant would obey her summons.

At the same time he directed Poindexter to go to Norton and arrest Bryant if he remained there. Poindexter, on reaching the town, learned that Bryant had merely changed trains there, and had proceeded to Tom's Creek, Va., a mining town, the home of his parents. There Poindexter arrested him.

Bryant took his capture coolly. "I'm glad of one thing," he said, "and that is that I spent all the money before I was caught." He made no objection to accompanying the attorney to the scene of his thefts to stand trial.

"I spent lots of the money playing poker," he told Poindexter. "My ancestors, Virginians, all gambled, and I had the vice in my blood."

I was ill for several months at Rocky, and had my bed moved to the railroad office, so that I could continue my work. Friends came to see me every night, and we whiled away the time with poker. They got a big slice of what I stole.

"My operations covered three months, and consisted in suppressing way bills. I would collect freight charges, hide the waybills in my trunk and keep the money. On March 29 I heard that the auditor was on the way to Rocky, and decided it was time to leave."

Bryant is 28 years old. He was held prisoner for several hours in the offices of the bonding company in St. Louis. The woman, it is said, after a fruitless wait for her lover in Chicago, went on to Michigan.

STOPS SOCIETY SLUMMING

No More Parties Will Make Night Tours in Chicago.

Chicago, April 14.—The Chicago police have placed a ban on society slumming parties.

Captain Stephen Wood, of the Twenty-second street police station, issued an order for patrolmen to arrest all such parties in his district out on night tours.

TODAY IS PALM SUNDAY

SERVICE WILL INAUGURATE HOLY WEEK AT SACRED HEART CHURCH.

THE CEREMONIES OF THE TENEBRAE

To Be Chanted Wednesday, Thursday and Friday Evenings—There Will Be Three Masses Easter Sunday.

Palm Sunday, which is celebrated today, inaugurates the Holy Week, so replete with ceremonies in the Catholic church commemorative of the incidents in the final chapter of Christ's career upon earth.

The ceremonies of the Tenebrae will be chanted Wednesday, Thursday and Friday evenings at 7:30.

The following priests and gentlemen will participate: Reverends S. Neberg, Christian Daniel, Rudolph Stoltz, Pius Conrad and Messrs. William Katzer, A. J. Knipp, H. S. Sailer and the choir.

The name Tenebrae implies darkness. During its recitation a triangular candlestick is stationed before the altar containing fifteen lighted tapers. At intervals the tapers are extinguished until one remains, this representing Christ, the light of the world.

Towards the close of the service this candle is hidden, but it is finally replaced in the candlestick, representing the death, burial and resurrection of the Savior.

Thursday and Friday mornings there will be services at 9 o'clock. Thursday the institution of the Blessed Sacrament is commemorated. Friday the mass of the presanctified will be celebrated.

All the ceremonies of the day are intended to recall the tragedy of the cross.

The first notes of Easter festivities will be sounded on Holy Saturday, when, after the blessing of the Paschal fire, Paschal candle and baptismal water, high mass will be chanted.

On Easter Sunday masses are at 8, 9 and 10:30, the latter solemn high mass, with deacon and subdeacon. Sermon, "The Risen Savior."

THEY WILL WED APRIL 26

A Popular Young Couple Who Reside at Hughesville.

Samuel H. Miller, a popular young man of Hughesville, employed in the general merchandise store of Charles W. Claycomb, of Hughesville, and Miss Gussie Claycomb, daughter of C. W. Claycomb, will be united in marriage at high noon at the Hughesville Baptist church on Sunday, April 26.

Three hundred invitations have been issued for the affair.

Both Mr. Miller and his bride-to-be are popular residents of Hughesville, and every friend will join in extending hearty congratulations.

DAVE SUHLER FINED \$100

Pleaded Guilty to Having Conducted Gambling House.

(From Tuesday's Daily.)

Dave Suhler, charged with conducting a gaming house, was fined \$100 and costs by Judge Hoffman today, after he had withdrawn his plea of not guilty and pleaded guilty to conducting a gaming house and permitting gambling to be carried on in his house. W. D. Steele was his attorney.

Three charges of selling liquor without a license were dismissed against Dr. W. D. Fansler, after the prosecution yesterday failed to secure a conviction on one count against the same party, due to Dr. Fansler's testimony that the house wherein the liquor was sold was owned by his wife and not by him.

The case of Henry Laupheimer, charged with letting a house for immoral purposes, was called late this afternoon, the following jury being sworn to try the case: T. L. Scott, Emmett Franklin, James Marsh, Charles Knox, W. S. Scott, Tim Delaney, J. T. Colafower, J. J. Coats, Al Bradley, T. J. Hughes, D. B. Brenner and Parmenas Cole.

"GYP" TOOK A FREE RIDE

"Billy" Nichols' Canine Beat the Missouri Pacific.

Gyp, the small dog of the muskrat gray coat, the official rat catcher and chicken napper at the Pleasant Hill Poultry and Egg Co.'s plant, took an involuntary trip to Knobnoster several days since.

"Billy" Nichols, when Gyp turned up missing, sent out an alarm and the dog was picked up at Knobnoster by Garnett Moore and brought home.

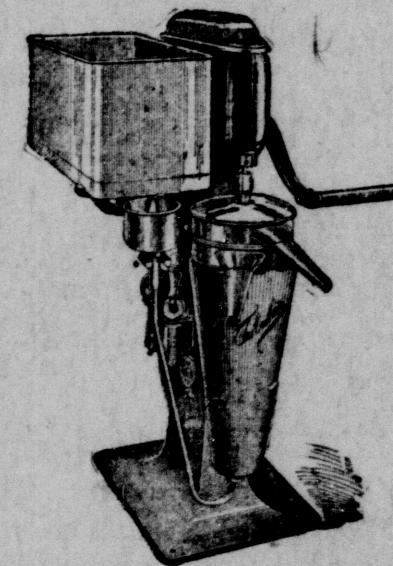

A car of poultry was being loaded out at the Missouri Pacific depot here by the P. H. P. & E. people, and Gyp got to "snooping around" in the car. He forgot to get out "with the rest of the boys," and when the door was sealed he was made prisoner, and not one of his friends the wiser for it.

He is again on the job at the plant, making life miserable for the rats, and gently but firmly catching chickens. These he lands in a jiffy and hardly muzzes a feather. He gets them by the neck, but does not hurt them.

HON. S. G. KELLY IS DEAD

HE WAS ONE OF THE LEADING
REPUBLICANS OF STATE
OF MISSOURI.

BORN IN PENNSYLVANIA MAY 27, '39

Came to Johnson County in 1868—
Died at 6:15 O'clock This Morning—
Interment at Knobnoster Thursday Afternoon.

(From Tuesday's Daily.)

Hon. Samuel G. Kelly, one of Sedalia's most highly esteemed and prominent residents, died of a general breakdown, both physically and mentally, at the home of his son, C. C. Kelly, 906 West Fifth street, at 6:15 o'clock this morning, aged 69 years.

Mr. Kelly was a wonderful man, both in mind and body. He was born in Butler county, Pa., on May 27, 1839, his parents being Andrew and Jane Kelly. He received a good education at Sunbury academy, in Pennsylvania, devoting his time to labor during the summer months and education during the winter.

In 1867 he left home and went to Ohio, where on March 19, 1868, he was married to Isabella Dadds. Immediately afterwards he and his wife came to Missouri, where Mr. Kelly had previously visited, and settled on a farm near Knobnoster.

In 1872 he was admitted to practice at the bar before the Johnson county circuit court, and since that time has been recognized as one of the foremost of Johnson county's legal talent.

His reputation as a criminal lawyer was wide, and for a term of eighteen years he defended, almost without exception, every criminal arrested in and around Knobnoster and established an unprecedented reputation by not having a single jury verdict against him in any case.

Six years ago Mr. Kelly lost the sight of both eyes, due to cataracts, and since then he had been totally blind. He continued to make his home at Knobnoster, however, and last October, on the advice of his sons, he came to Sedalia to live with C. C. and Dr. S. G. Kelly, until a new residence, constructed to convenience Mr. Kelly in his blindness, could be completed.

Four weeks ago last Sunday Mr. Kelly, accompanied by his wife and little daughter, returned from a drive, and as he prepared to ascend a flight of steps leading to the home of C. C. Kelly he stumbled and fell backwards, sustaining injuries which gradually led up to his death.

The best of medical attention was rendered him, but owing to his age he grew constantly worse from day to day, and the family never expected to see him leave his bed again.

Two weeks ago he passed into a semi-conscious state, and since that time had remained in a stupor, never speaking and only partially recognizing anyone.

For twenty-five years Mr. Kelly held the honorable distinction of being president of the Knobnoster school board, and in 1884 he was elected a member of the Missouri legislature, taking his oath of office a year later. At the expiration of his term he was re-elected on the republican ticket, and during his terms of office filled the position most honorably and creditably.

In 1889 he was elected a member of the committee appointed to revise the laws, and he also held places on other important committees in the legislature.

As a leader of the republican party he was one of the foremost. In 1892 he commanded a complimentary vote for the governorship of Missouri from his own and several adjoining counties, and in 1888 he was one of the "big four" delegates to the republican convention in Chicago, at which time Harrison was nominated.

Mr. Kelly since his marriage had devoted much time to reading, especially to the reading of the history of the world. As evidence of that fact he continually asked that the world's history be read to him since the time when he lost his eyesight.

Mr. Kelly was a powerful man. Tall and robust, he seldom knew any sickness, but in spite of that fact he lived during the past twenty-five years as though he expected to die soon, frequently remarking that if he knew he would live to such an old age he would do this thing and that thing.

As a husband and father, Mr. Kelly commanded the esteem of everyone. Devoted to his wife and children, there was nothing too arduous to do for their benefit, and he always displayed the greatest interest in their welfare.

He belonged to no lodge or society, neither did he hold membership in any church, but the actions of his daily life fully attested his true Chris-

tian spirit, in a more manifest manner than regular attendance at church.

Besides his wife Mr. Kelly leaves five children, as follows: C. C., Dr. S. G., George, of Kansas City; Mrs. Walter Harrah, of St. Louis, and Ada Marie, aged 13. The eldest child, Charles, died in 1900.

Mr. Kelly also leaves several brothers residing in Pennsylvania.

Rev. A. A. Boyd, pastor of the Central Presbyterian church, will conduct funeral services at the home of C. C. Kelly at 1 o'clock Thursday afternoon, and the remains will be shipped to Knobnoster on the 2:50 p. m. train that day and interred in the family burying ground in the Knobnoster cemetery.

Mrs. E. F. Yancey will be in charge of the music and pallbearers will be selected from among the old friends at Knobnoster.

B.B. RAY'S WORK FOR TAFT

**ARMY PAYMASTER ROUNDS UP
RAILROAD MEN FOR HIS
CHIEF TO TALK TO.**

HE EXPLAINS HIS LABOR VIEWS

One Feature of Secretary's Western
Tour Characterized by the "Al-
lies" as "Military Politics"
With Vengeance.

Beecher B. Ray, a former Missouri Pacific conductor, but now a paymaster in the United States army with the rank of major, is written of as follows in a Washington dispatch of the 13th inst.:

The "allies," as they are known, or the opposition to the Taft propaganda for the presidency, through their journal bureau gave publication to the following tonight:

"Major B. B. Ray, paymaster in the United States army, accompanied Secretary of War Taft on his ten days' western trip as military aid, and is credited with having done some effective political work for his chief in Louisville, Chicago and other western cities. Major Ray was formerly connected with the Order of Railway Conductors and arranged meetings of members of his organization with Secretary Taft, at which the secretary delivered addresses explaining his attitude toward labor.

"The former head of the conductors' organization, Mr. Clark, is now a member of the interstate commerce commission, and a special effort is being made to allay sentiment against Secretary Taft among the members of this union. The meeting of conductors arranged by Major Ray at Louisville was attended by fourteen men, whom Secretary Taft addressed at some length.

"The conversion of Major Ray to Secretary Taft's presidential cause is occasioning some comment. A year ago the major, in common with many other members of organized labor, was active in another direction. In September he was peremptorily ordered to the Philippines, and it was understood at the time that Major Ray was being disciplined for undue political activity.

"In the autumn Secretary Taft visited the Philippines, and it is stated that the climate must have had some effect upon Major Ray's political feelings. Since, after only three months' service in the Orient, he was given leave of absence for six months and returned to this country with Secretary Taft. He has since shown some signs of political activity, but they have been in behalf of the secretary of war. Major Ray's leave of absence will extend beyond the middle of June, and it is possible it may be still further continued. He is now accompanying Secretary Taft on his speech-making tours, and his special duty, outside of his military services, consists in 'rounding up' groups of railway men, in order that his chief may make labor speeches to them. It is claimed that this is not the only instance of military politics which is causing gossip in army circles."

Music at Mr. Kelly's Funeral.

(From Wednesday's Daily.)

"I Would Not Live Always," "Lead, Kindly Light," and "Crossing the Bar," favorite hymns of Mr. Kelly during his life, will comprise the vocal selections to be rendered under the direction of Mrs. E. F. Yancey at the funeral of Hon. S. G. Kelly tomorrow afternoon.

Mr. Sullivan Sells His Farm.

(From Wednesday's Daily.)

Patsy Sullivan, a Spring Fork farmer, has sold his 140-acre farm, two and one-half miles east of Spring Fork, to a son-in-law of Mr. Henry Seifner, recently from Oklahoma, for \$52 an acre. Mr. Sullivan intends to purchase a farm north of Sedalia.

FOUR NEW BATTLESHIPS

President in Special Message Urgently Asks Congress to Build Them.

Washington, April 14.—Compressed into what would be not more than a ten-minute speech on the floor of congress, President Roosevelt today, in a message, urged that body to provide for the construction of four battleships of the largest and most approved type at once.

The arguments of the president to press his insistence on the naval increase program were few, but were calculated to be effective. China was held up as an example of the "peace at any price" doctrine, and Great Britain as having the naval policy to be emulated.

ABOUT THE PEACH CROP

Only Small Percentage of the Blossoms Injured.

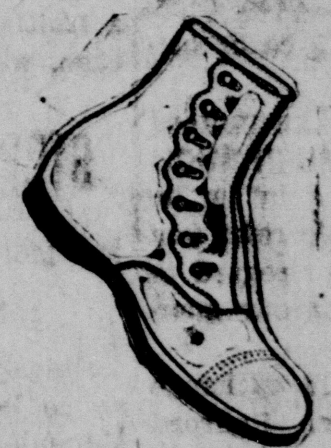

Columbia, Mo., April 15.—Dr. J. C. Whitten, professor of horticulture in the University of Missouri, says, in speaking of the peach crop:

"In this neighborhood only a small percentage of the blossoms have been injured. There are several times as many flowers remaining on the trees as would be required to make a full crop of peaches. In this section of the state we rarely have a frost cold enough to kill the fruit after this date."

New Offices of Specialists

DR. MUND & CO.

Chronic and Special Diseases Accepted for Cures Only

The way we mean to treat chronic and obstinate diseases is with only ONE OBJECT, and that is to EFFECT A CURE WHICH IS ABSOLUTE AND COMPLETE.

To give people treatment indefinitely, only to relieve pain and hide the symptoms of a disease, to do a poor sufferer with medicine and poisonous narcotics, is a folly which is practiced only too extensively in our country.

WE NEVER TREAT, WE ONLY CURE; and we never take people except we can cure them, and that is the reason why every one who will enter our offices will be examined with the greatest of care, and if his or her case is curable the patient will be told so, and if the case is incurable the case will not be accepted. We are not entering the field to experiment; we have passed the stage of experiments in the Eastern cities, and the letters and pictures we hold of people we have cured elsewhere bespeak of our skill of healing and curing diseases—none of which were easy.

We do not treat acute diseases, for we believe that no one has any business to treat all diseases. We are only specialists of chronic and special diseases.

NEW PROCESS OF DISSOLVING DISEASES—This is the greatest achievement of medical science, known by only very few medical experts, and has cost many years of experiments to acquire the skill of this art of healing; but the results are wonderful. Who ever thought that cancer could be cured that way? This process consists of an application of an Unguentum externally to the cancer, and in addition to this hyperdermic injections of Pancreatic ferment follow. Tumors are dissolved as easily by this process as snow melts by the approaching spring. Goitre, Enlargement of Glands, Swollen Joints do not have to be bled and cut—we dissolve them. Piles, with their agonizing pains in the acute stage and their maddening, tantalizing itching are easily dissolved. Catarrh, Fistulas, Inflammations, Womb Trouble, Stricture and Varicocele are made to disappear under this method of curing without the slightest suffering and pain.

Every patient, whether they come for a mere consultation or for a cure, will be told the truth. The doctors will, however, take only cases which they can guarantee a cure for, and such will be given to every patient who desires a cure.

Any party whom we take for a cure may deposit their money in any bank, or with a private party who is responsible, with the plain understanding that if they are not cured the money goes to the one who placed it.

Consultations are free of charge to everybody, and our offices will be open for this every day from 8 a. m. to 8 p. m. Our location is excellent and in a very prominent place.

A FARMHAND SLAYS TWO

SHOOTS MARION BRIDGES AND EPH. BRIDGEMAN, NEAR CAMPBELL, MO.

SELF-DEFENSE IS W. R. BELL'S PLEA

The Killing Is Said to Have Resulted From the Ill Treatment of Women and Three Daughters.

Kennett, Mo., April 14.—W. R. Bell, formerly of Sharon, Tenn., a farm hand, aged 41, shot and killed Marion Bridges and Eph. Bridgeman near Campbell, in the north part of this county, yesterday.

Bell surrendered to Constable D. B. Faughn, who lodged him in jail here. Bell admits the shooting and claims self-defense. Coroner Rigdon went to the scene of the tragedy and held an inquest. The jury returned a verdict fixing the responsibility for their deaths on Bell and recommending action by the prosecuting attorney.

Both Bridges and Bridgeman were visitors at the home of a Mrs. Johnson Saturday night and Sunday morning. A woman giving the name of Mrs. Dawson is said to have accompanied the two dead men to the Johnson home and to have been a witness to the killing.

Ill treatment of Mrs. Johnson and her three daughters is said to have aroused Bell's resentment. He is said to have induced her and her children to leave the place and accompany him to Campbell.

As he emerged from the house, it is said, a shot was fired, and Bell drew his own weapon and shot Bridges three times, one bullet piercing the heart. Bridgeman next fell under the fusillade.

Bell closed the house and requested a teamster en route to Campbell to notify the marshal.

The Experience of a Poultry Dealer.

Only in recent years has poultry keeping taken a place among recognized industries. Many of the successful men of today were not experts when they began, but had to learn by experience.

"In regard to Sloan's Lament for poultry diseases," writes E. R. Spaulding, of Jaffrey, N. H., "a disease called roup is one of the greatest drawbacks in raising poultry. It is somewhat similar to distemper in a horse. After trying and experimenting with about everything recommended, I found that Sloan's Lament was the speediest and surest remedy for roup, and I can especially recommend it for canker in the windpipe."

Send for Dr. Sloan's free book on Horses, Cattle, Hogs and Poultry. Address: Dr. Earl S. Sloan, 615 Albany street, Boston, Mass.

Battleship Fleet, After World Record Cruise, Reached San Diego Today.

San Diego, Cal., April 14.—Its long and notable cruise through the southern seas and the changing climates of the western hemisphere ended, the American battleship fleet, under command of Rear Admiral Charles M. Thomas, returned to home waters and cast anchors off the Coronado beach here this afternoon. The four days scheduled for the stay of the ships will be marked by a ceaseless round of gayeties.

Rear Admiral Robley D. Evans, who is ill at Paso Robles hot springs, will be unable to be present and it is considered doubtful if he will be able to participate in any of the fetes to be given along the Pacific coast.

The game of ball between Lamoate and Knobnoster in this city last Saturday resulted in a victory for Knobnoster. Score, 13 to 14.

Joe Couch, of Tipton, was visiting his parents Monday.

F. E. and A. R. Thurston left Monday for Columbus Junction, Ia., to attend the fiftieth wedding anniversary of their parents.

Elmer Thompson was taken very sick last Friday, but he was able to be out today.

Robert Thompson and wife, of Sedalia, came up Sunday to see their son, who was quite sick.

Mrs. C. Weidman is visiting relatives in St. Louis.

Walter Wilburn died at his home northeast of this city Thursday.

The remains of Hon. S. G. Kelly, who died at the home of his son, C. C. Kelly, at Sedalia Monday night, will be brought to this city Thursday afternoon for burial.

Charley Taylor was in Warrensburg Tuesday on business.

Mrs. Divers and her daughter, Mrs. Arthur Smith, left Tuesday for Joplin, where they will visit relatives. They will be gone about a month.

The Sedalia presbytery held its opening meeting at the Presbyterian church in this city Tuesday night, with about fifty ministers and delegates from outside the city present. Rev. A. A. Boyd, of Sedalia, preached the sermon. Rev. Birchfield, pastor of the Clinton Presbyterian church, was elected moderator.

J. C. Metts was in St. Louis Monday buying goods.

George W. Morrow and family went to Iowa last week to see his mother, who is very sick.

John Parker is very sick at the home of his sister, Mrs. Bea Marshall, on East McPherson street.

CASE AFTER CASE.

Plenty More Like This in Sedalia.

Scores of Sedalia people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

W. A. Smith, painting contractor, of 435 West Fifth street, Sedalia, Mo., says: "I am only too glad to be in a position to recommend Doan's Kidney Pills. My wife was a chronic sufferer from kidney ailments for over ten years, and during all that time we spent hundreds of dollars trying different medicines and treatments, but to little purpose. There was a constant bearing down pain across the small of her back and loins, which at times extended up into the shoulders and into the back of her neck. Spells of dizziness were frequent and there was also a fluttering of the heart and difficulty in breathing. The action of the kidneys was very irregular, the secretions being at times too frequent and then too scanty and highly colored. Doan's Kidney Pills were brought to her notice and she procured them at the W. E. Bard Drug Co. The results obtained were far beyond her expectations. Her health has been better in every way since, and it is no wonder that she is glad to recommend your remedy."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

SPRING FORK ITEMS.

Spring Fork, Mo., April 14.

AN ALLEGED KIDNAPER

Charged With Trying to Get Girl Witness From State.

Joplin, Mo., April 14.—An alleged plot to kidnap and remove from the state Nellie Willoughby, 13 years old, led to the arrest here yesterday of Jesse Jennings, who is held in jail in default of bail.

The Willoughby girl is the prosecuting witness in an assault case against Orville Sanderson. It is claimed that repeated efforts have been made to secure possession of the girl by friends of Sanderson and that Jennings was taking her from the home provided for her today, when he was arrested.

Late Conductor Collard's Estate.

Judge Fowler, of the probate court, today held that Annie Williamson, the woman who came here from Kansas City to claim part of the Davy Collard estate, was not entitled to participate in the division of the property, says Tuesday's Jefferson City Democrat.

The Williamson woman claimed that she was entitled to part of the estate on the ground that she was the common law wife of Collard after the death of his first wife.

Testimony was introduced before the court to show her relations with the man, but the court held that they were not such as to entitle her to a share of the estate of Collard. The estate will now be divided between Collard's three children.

Held Up a Train.

Nick Ribar, of Lodi, Ohio, held up a B. & O. freight train for nearly an hour Monday night.

He boarded the train and was thrown off by a brakeman. Angered, Ribar ran to the engine, and, pulling a revolver, ordered the engineer to stop. The engineer did so.

Ribar held the train nearly an hour. Then he was grabbed from behind by a policeman.

Yesterday he was sentenced to thirty days in the workhouse.

FAKE DRY GOODS SALESMAN

Says He's Traveling for Emery-Bird-Thayer Dry Goods Co.

Springfield, Mo., April 14.—A letter has been received by Sheriff George W. Sims from the Emery-Bird-Thayer Dry Goods Co., of Kansas City, in regard to a man giving his name as P. Michaelson, who has been traveling through Kansas and Missouri, representing himself as an agent of Emery-Bird-Thayer.

The letter states that Michaelson has been selling subscriptions for a magazine which he claimed was sent out with a catalogue for forty-five cents a year.

The letter from the company states a number of complaints have been sent in by people who have paid for the publication and who have never received it.

The only description given on the would-be salesman is that he is under-sized and wears a college cap, apparently being a college student.

Sheriff Sims and the police department have been notified to be on the lookout for Michaelson and to arrest him if he attempts to work in Springfield.

CONFESSES; DRINKS ACID

KNOX COLLEGE STUDENT, FEARING DISGRACE, DRAINS ACID VIAL.

KLEPTOMANIA IS NOW THE BELIEF

Diamond Robbery Prompted Investigation—Part of Boarding House Loot in Student's Trunk at Galesburg.

Galesburg, Ill., April 15.—Harry S. Hahn, of Camp Point, for three years a student in the Knox college conservatory of music, is in a serious condition at the hospital as the result of a bold attempt at suicide rather than face the disgrace of exposure of a long series of thefts.

The affair has caused a great sensation in college circles, and the only explanation offered is that Hahn is a kleptomaniac. He stood high in the estimation of his friends, and only Monday night was usher at a conservatory concert.

He roomed at the home of L. R. Maddox, where many students stayed, and from time to time numerous articles of clothing, and even food, were missed. Finally a valuable diamond and a considerable sum of money were stolen, and suspicion was directed at Hahn.

Confronted at the house yesterday by officers, he admitted the thefts and

said they were due to impulse. Granted permission to go to his room to change his clothes, he seized a bottle containing carbolic acid and drank the contents before the officers could interfere.

A search was made of his room, and a number of the stolen articles were found in his trunk. He denied stealing the diamond.

THE WETS AND THE DRY

HOW THEY CONDUCTED THE RECENT CAMPAIGN IN MONROE COUNTY, MO.

THE APPEAL STATES ITS POSITION

Democrat-Sentinel Has Proceeded Along the Same Lines, and Will So Continue in the Battle to Be Fought Here.

Sedalia will soon be in the throes of a local option fight, in consequence of which the following from the Appeal at Paris, Monroe county, which county voted "wet" the past week, will be read with interest here:

Some of the dries accuse the Paris papers of selling out to the brewers last week, while some of the wets say they were subsidized by the soda water trust, and all because they sold space at regular rates to both campaign committees.

Neither the wet nor the dry managers, however, are making complaint. That the wets used the most columns was no fault of ours. The local option committee took all it wanted and selected the position in which it appeared.

Advertising space is a newspaper's stock in trade, and the people who use it are alone responsible for the statements made in the space they purchase.

As to the wet and dry matter in our last issue, the fact that each article was plainly marked "advertisement" ought to be evidence to anybody that the editor was behind neither the article nor the sentiment of the article.

Just as well criticize the liveryman who rented teams to anti-prohibition speakers, or the hotel keepers who fed them as to berate the newspapers for selling them a certain amount of space.

The Appeal dealt directly with both committees, all their members being citizens of high character, and we are certain that none of them are connected in any way with either the brewery interests or the soda water trust.

POISONS HER OWN DAUGHTER

Italian Woman Charged With Terrible Revenge on Husband.

Chicago, April 14.—Francesca Nicolazzo yesterday declared that the death of Mary Renda, an 8-year-old girl who died some days ago under suspicious circumstances, was caused by poison which he had placed in flour at the suggestion of the girl's mother.

No object is known for the crime, except that Mrs. Renda was angry with her husband, who desired to move from their present residence, while she desired to remain. She threatened to have revenge unless he consented to abandon his plans, and it is thought by the police that she poisoned her daughter to spite her husband.

Nicolazzo was a friend of the Renda family, and declared that the woman asked him to buy the poison, and after he had done so requested him to mix it with the flour.

When Nicolazzo's confession was read to the woman in the presence of

Nicolazzo she made a vicious attack upon him, and it required the full strength of two police officers to drag her away.

Mrs. Renda charged Nicolazzo with the crime, and declared that she believed it was his intention to poison herself and her husband for the purpose of securing a sum of money that they had saved, and a portion of which she carried about with her.

CUT WAGES FOR 153,500

Cotton Mill Reduction Affects 43,500 More Operatives.

Boston, April 14.—A wage reduction averaging 10 per cent went into effect yesterday in the cotton cloth, yarn and thread mills in New England and New York state, employing a total of 153,500 operatives.

Since the beginning of the general wage reduction movement in March, the pay of 153,500 mill hands in the Northern states have been cut. Of this number 144,000 are employed by New England mills and 9,500 in New York state factories.

JULIA MARLOWE VERY ILL

After Ten Weeks of One-Night Stands the Star Suffers a Breakdown.

New York, April 15.—Miss Julia Marlowe is critically ill at the Plaza hotel in this city as the result of a nervous breakdown following a season of ten weeks of one-night stands.

Her doctors have ordered the Shuberts, her managers, to cancel all of her engagements for the next fortnight. It is hoped that with care she may be able to resume her work and appear at the Lyric theater in New York in May.

Miss Marlowe's physician, Dr. M. Allen Starr, and her attorney, Herbert L. Satterlee, have found it unwise to consult her now concerning the introduction of her name in a Boston divorce suit. At present no one is permitted to see her.

"I have been forced to act independently," said Mr. Satterlee last

night, "but the public may rest assured that no more unwarranted or outrageous assault was ever made upon a good woman's reputation."

JUDGE GRAY DECLINES

Delaware Jurist Asks His State Not to Instruct for Him.

Dover, Del., April 14.—Prior to this afternoon's session of the democratic state convention a letter from Judge George Gray to Thomas F. Bayard, chairman of the state committee, was read, in which Judge Gray requested emphatically that the convention refrain from endorsing him for president. It is understood that in spite of his declination the convention will endorse him and instruct its delegates to vote for him.

Removed to Kansas City.

Earl and Courtney Stevenson, who have been engaged in the insurance business in this city, accompanied by their father, C. N. Stevenson, their brother, Dec., and Mrs. Courtney Stevenson, went to Kansas City this afternoon to make their home. They intend to engage with an old line insurance company there.

QUIT BUSINESS! QUIT BUSINESS!

Everyone, no matter who, or what they need in our lines, should attend the Quit Business Sale, for it matters not how much or how little one has, he or she always wants to make money go just as far as possible, so it is certainly evident by us quitting business, which we are compelled to do, that we are not asking as much as we can get for these goods by taking time to sell them. We are making prices away down to make this stuff move out at once, and the best evidence that people know and appreciate the prices is the quantity that is going out every day. Now, to make it convenient for all, we are going to make a special to last this week for the benefit of everybody in this vicinity. The words Quit Business is the best quotation of prices; therefore we won't quote any,

BUT WE WILL MAKE THE PRICES TO YOU

We are bound to get away from here on that given date, and to do that, we must make prices to make these goods move in quantities. We want the money—you want the goods. We must quit. We are not like the other fellow who wants to stay. We are not after profit, but they must have it to stay. Now is the time, just at pay day, just before Easter—a chance to get most anything in Dress Goods, Ladies' Skirts, Lawns, Dimities, Organdies, Men's and Boys' Suits, Hats, Caps, Shoes, of all kinds, and in fact most anything pertaining to these lines, all at these Quit Business prices. We will continue to give with every \$2.50 purchase 10 yards of Calico FREE, and with our \$3.00 Oxfords for Ladies we are selling for \$2.19, we will give a 33c pair of Lace Hose in either tan or black. Come and be convinced that things are cheap; if they are not, don't buy—all we ask is for you to look.
